

FRENCH STEAMER ON FIRE AT SEA

Rochambeau Presumably
Is Steaming for Halifax,
the Nearest Port

650 PERSONS ON BOARD

Captain, in Message to Company
in New York, States Vessel
is in No Danger

LARGE CARGO OF MUNITIONS

NEW YORK, Nov. 8.—The French line steamship Rochambeau, two days out from New York for Bordeaux, which reported by wireless today that there was a fire in her coal bunkers, presumably was steaming tonight for Halifax, the nearest port.

Position Not Given in Message.
Her position was not given in the wireless message which brought news of her plight, but it was calculated she would make Halifax sometime late tonight or early tomorrow. Abroad the steamer was approximately 650 persons—421 passengers and a crew of about 230—and a large cargo of war supplies, including 2,541 cases of cartridges and 136 bales of cotton.

The fire is deep in the hold in No. 5, reserve coal bunker, which is located amidships.

In his message Captain Juhau said the vessel was in no danger. "We are not alarmed," said Paul Faquet, general agent of the line. "Bunker fires are not uncommon, nor are they generally very serious as they are away from the cargo space."

Only one wireless message had been received from the steamer when the French line officials closed tonight. This reached the offices here about 2:30 p. m.

It read: "Fire in No. 5, reserve coal bunker. Fighting fire and have turned to Halifax. Hope to put it out. No danger at all."

Left New York Saturday.
The Rochambeau left New York Saturday afternoon. It was estimated she had sailed 600 miles when the message was received.

This would still keep her within the ocean lane traveled by the big transatlantic liners and despite the silence over the sea, enforced by admiralty censors, there is reason to believe that at least three ships are within close steaming distance, available for aid in emergency. Life boats and life rafts for all aboard and to spare, were on the Rochambeau when she sailed, according to the line's officials. In addition the steamer is equipped with the usual fire fighting apparatus.

The cargo which weighted the steamer low in the water, consisted chiefly of iron and steel, machinery, copper and steel wire, brass rods, empty shells and guns. So far as could be learned tonight the 2,541 cases of cartridges were the only explosives aboard. Chief of the inflammable material was the cotton.

Wonder if Bomb Caused Fire.

In the absence of information defining the cause of the fire, maritime circles wondered today if the accident was another of the long list attributed to the activity of bomb carriers and placers. Within the past few days, the steamer Rio Lages, from New York to Queens-town with sugar, caught fire at sea and put into Halifax with fire in her hold. Her captain attributed the fire to a bomb hidden in a sugar bag. The list of steamers sailing from New York to Europe upon which bombs were found and in some cases explosions occurred at their sailing dates, include the following: Touraine, March 8th; Envo, April 27th; Lord Erne, April 29th; Crossington Court, April 29th; Samland, May 1st; Lord Downshire, May 1st; Kirkoswald, May 2nd; Strath Tay, May 8th; Bankdale, May 8; Minnehaha, July 9; Braigside, July 24; Athinal, September 8; Santa Anna, Sept. 13.

READ LETTERS INTO RECORD

New York, Nov. 8.—Attorneys for the government in the trial of the eleven former directors of the New York, New Haven & Hartford railroad on the charge of criminal violation of the Sherman law today, read into the record a letter from Chas. S. Mellen, vice president and later president of the road, in which he applied the phrase "maintenance of our monopoly" to the activities of the road in the acquisition of competing properties.

DELIVERS FORMAL NOTICE

Washington, Nov. 8.—Baron Zwiadinek, charge of the Austro-Hungarian embassy, delivered to Secretary Lansing today formal notification of the recall of Dr. Constantin T. Dumba, whose withdrawal as Austro-Hungarian ambassador was requested by the United States on account of his plans for fomenting strikes in American munitions plants.

U. S. DOUBLES BUSINESS WITH SOUTH AMERICA

INDICATES SUCCESS OF CAMPAIGN
TO SECURE TRADE

Bureau of Foreign and Domestic
Commerce Makes Figures for Sep-
tember—Trade With Mexico Shows
Improvement.

Washington, Nov. 8.—Success of the campaign to obtain for the United States the trade of South America is indicated by foreign commerce figures for September made public by the bureau of foreign and domestic commerce.

In both imports and exports the United States has doubled its business with South American countries during the past year. Imports in September were \$30,652,765, compared with \$15,858,234 for September, 1914. Exports amounted to \$16,938,711, against \$8,288,881 for the same month a year ago.

Today's statement also shows improvement in trade with Mexico, which had been adversely affected by the disturbed condition in the republic for the past four years. Exports to Mexico showed an increase of about \$1,000,000 in September over the same month last year and imports an increase of nearly \$2,000,000.

American export trade with almost the entire world, has grown, only one country, Japan, showing a slight decrease. Continued increase in shipments to the allied countries is indicated. Altho no American goods reached Austria in September 1914, exports to that country, amounting to \$60,167, were recorded for September this year, and exports to Germany, which were only \$2,378 in September, 1914, increased to \$96,797.

TO CALL AMATEUR POETS AS WITNESSES AGAINST NEWCOMBER

NEW YORK, Nov. 8.—Sixty-six of the 1,500 amateur poets scattered thruout the nation, who claim to have each put up \$10 to enter a song poem contest, will be called as witnesses against John T. Newcomber, alias John T. Hall, who was placed on trial here today on charges of using the mails to defraud. The song contest was conducted about a year ago, by the John T. Hall Music Publishing company of New York and the government attorneys alleged that after 1,500 men and women had contributed poems they were induced to pay \$10 each to have their poems set to music.

DECLARES WAR ON UNION MINERS WHO BELONG TO I. N. G. MUST STOP

SPRINGFIELD, Ill., Nov. 8.—Frank Farrington, president of the United Mine Workers of Illinois, today gave publicity to correspondence in which he declares the war on members of the state organization who belong to the Illinois National Guard must stop.

President Farrington cites the international miners' constitution and the action of the 1914 biennial convention in support of his position that militiamen cannot be debarred from the miners' organization.

Such recommendation was made by a special committee appointed to look into the cases of John Knox, Charles Carter, Charles Hill, John Dagon and Keith Hudspeth, militiamen of Hillsboro, who were expelled from the Hillsboro local, and to whose aid Adjutant General Frank S. Dickson came with the result that they were re-instated.

MOTION TO COMPEL EXHUMATION OF MRS. ALLEN'S BODY IS DENIED

JOLIET, Ill., Nov. 8.—A motion to compel the exhumation of the body of Mrs. Odette Allen, wife of former Warden Allen of the penitentiary, was denied today by Judge Hooper in the trial of Joseph Campbell, the negro trusty at the state prison who is accused of the murder of Mrs. Allen.

The motion was argued at length by F. L. Barnett, counsel for Campbell.

TORRICO MERCHANTS TO ORGANIZE

New York, Nov. 8.—Representatives of leading tobacco manufacturers and merchants in many cities met here today to organize the Tobacco Merchants' association of the United States. The session is considered by tobacco dealers to be the most important gathering of the leaders of that industry ever held in this country. The capital stock represented is estimated at \$1,500,000,000 and the annual business at \$700,000,000.

JURY RETURNS INDICTMENT

New York, Nov. 8.—The federal grand jury today presented to Judge Howe in the criminal branch of the United States district court, an indictment against Robert Kay, Walter Scholz, Paul Daecher, Enslinchar Max Breitung and Herbert Klenzie. They are charged with having engaged in conspiracy to despoil owners of vessels of merchandise cargoes and to destroy vessels to the injury of persons who had placed insurance on them.

RECRUITS REACH ENGLAND

St. Johns, N. F., Nov. 8.—The seventh contingent of 250 men recruited in this colony for the British army has arrived in England, according to word received today.

AWAIT EFFECT OF NOTE TO ENGLAND

President and Secretary
Lansing Read Press Com-
ment on Document

MARKS TURNING POINT

United States Is to Consider
British Blockade as Ineffec-
tive and Inoperative

SPECULATION IS VARIED

WASHINGTON, Nov. 8.—President Wilson and Secretary Lansing today read American and British press comment on the latest note sent by the United States to Great Britain and awaited the effect of the document upon British treatment of neutral overseas trade.

Ambassador Page has not reported the impression made upon the British foreign office.

Marks Important Turning Point.

As far as American shippers are concerned, the despatch of the note marks a turning point of vast importance for henceforth the United States is to consider the British blockade as ineffective and inoperative, and all cargoes of non-contraband goods destined for Germany or thru neutral countries to the enemies of Great Britain will be viewed by this government as immune from detention.

Claims presented by Americans for detentions or seizures of such goods will be supported by the diplomatic machinery of the United States to the fullest extent.

Speculation in official quarters today as to what Great Britain's course would be was varied. Some officials pointed out that if Great Britain abandoned all pretense of blockade and applied the laws of contraband, the forthcoming note on the propriety of including various articles in the contraband list would be especially pertinent to the question. On the other hand if the blockade is made legal so far as German goods are concerned, the American coasters are concerned, the American coasters will continue to insist that legitimate trade with neutral countries must not be interfered with.

Regard Feature Indefensible.

What American officials express particular concern about in connection with the alleged illegal practices of Great Britain is the large business they claim Great Britain herself is carrying on with neutral ports to which American exporters are forbidden to trade. It is this feature of the situation which officials regard as most serious and indefensible. They say if Great Britain held her own shippers to a normal trade with neutral countries, the application of rigid measures to American traders might be less offensive, though the aspects of law would not be affected.

In allied diplomatic quarters here the note was not commented upon officially, but uniformity of view was noticeable. The British opinion as reflected in official quarters was that the United States was arguing on technical grounds and failed to take into consideration the altered circumstances in present war and the enlarged facilities for rapid communication by rail between Dutch and Danish ports for example and German cities. French and Russian officials pointed out that their governments were in sympathy with the attitude of their ally, Great Britain and that while the British foreign office was conducting the negotiations this did not mean their governments were any the less interested.

Will Not Become Acute.

Among all of the allied diplomats the view prevailed that the controversy would not become acute, it being pointed out that even if a deadlock was reached in the negotiations the Bryan peace treaties still were available for a year's investigation of the points in dispute. These facts have been ratified by the United States and all of the allies.

In German quarters the arguments in the American note were commended as sound and justified by international law. German officials however, said they were much more interested in what measures the United States would take to obtain acquiescence to its expressed views.

CHOLERA ADDS TO BURDENS

New York, Nov. 8.—Cholera has added its terrors to the burdens of Armenian refugees who fled Tigris and Euphrates valleys to Tabriz, according to meager advices received here by the Presbyterian board of foreign missions and made public today.

FED MAGNATES TO MEET

Indianapolis, Ind., Nov. 8.—Interest in baseball circles here centers on the meeting of the Federal League which is to be held in this city tomorrow. Nothing definite as to the nature of the meeting has leaked out and there is considerable speculation about the session.

TELEGRAPHIC BRIEFS

MACOMB, Ill., Nov. 8.—Patrick H. Tiernan, contractor and Democratic politician, died here today, aged 52.

ROCKFORD, Ill., Nov. 8.—Floyd Heleson, aged 18, was killed and Dr. J. Stokes was dangerously injured when the automobile in which they were riding turned over near Byron today. Stokes was driving the machine.

ST. LOUIS, Mo., Nov. 8.—The Broadway bank, a neighborhood institution in the southern part of St. Louis, with deposits of approximately \$900,000, did not open its doors today.

OSWEGO, N. Y., Nov. 8.—The tenth robbery of the postoffice at Lacona, near here, in as many years, occurred early today when the men blew open the safe and escaped in an automobile with \$2,000 worth of stamps, \$100 in money orders and \$25 in cash.

EL PASO, Tex., Nov. 8.—The condition of General Victoriano Huerta, who is ill of jaundice at his home here was much improved this morning, according to his physician.

PITTSBURGH, Pa., Nov. 8.—Ten thousand horses, assembled here during last week from points in the middle west, were last night and today forwarded to Elizabeth, N. J., where it was said they would be allowed to recuperate before being shipped to Europe.

SPRINGFIELD, Ill., Nov. 8.—Robbers blew the safe of the Majestic Theater, less than 100 yards from the executive mansion here today and took \$940 in cash. The safe blowers escaped.

PITTSBURGH, Nov. 8.—Union molders, employed in the brass, iron and steel industries in Pittsburgh, decided at a meeting here yesterday to make a demand on their employers for an 8-hour day, at the same wage now being paid for nine hours.

NEW YORK, Nov. 8.—Four investigations were begun today in an effort to fix the responsibility for the death of twelve persons, mostly young girls, who perished in the fire which destroyed a four story factory in Brooklyn last Saturday.

AMSTERDAM, Nov. 8.—A telegram from Luxembourg says Dr. Lautsch, a lawyer, who was appointed minister of state on Saturday by Grand Duchess Marie, has assumed the presidency of the new Luxembourg government. A session of the chamber has been called for Tuesday.

PEABODY, Mass., Nov. 8.—A cry of "fire" that rang thru the old high school building here, where 200 pupils of St. John's Parochial School, recently destroyed by fire, had assembled for their studies, today caused a panic and a wild scramble for the exits. There were no fatalities, although a boy who jumped thru a window broke his arm.

MACOMB, Nov. 8.—J. A. Keinan, of Birmingham, Ala., lately in charge of the entire foot and mouth disease campaign in the south, has been assigned here to take charge of a new district comprising McDonough and Fulton counties, where the fight will be waged independent of other Illinois territory.

DUNNE DECIDES ON NOV. 22 FOR SPECIAL LEGISLATIVE SESSION

SPRINGFIELD, Ill., Nov. 8.—Late this afternoon Governor Dunne said he had decided Nov. 22 would be the best date to call the legislature together. A committee of Springfield business men called on the governor and told him, that if the legislature convened next week it would seriously interfere with the convention of the Grand Lodge of Odd Fellows who had been promised the privilege of holding their sessions in the legislative halls of the state house.

Governor Dunne said a more definite announcement concerning the call would be made, in all probability, tomorrow.

NO PROBABILITY OF A MINISTERIAL CRISIS

Milan, Italy, Nov. 7, via Milan, Nov. 8.—There is no longer any probability of a ministerial crisis in Rumania, says the Bucharest correspondent of the Corriere Della Sera. Even the interventionist opposition, he asserts, agrees with the government that military action must depend on the strategical situation in the Balkans.

KITCHEN TO OPPOSE PROGRAM OF DEFENSE

Washington, Nov. 8.—Representative Claude Kitchin, Democratic leader of the house, told President Wilson today after a long conference with him that he could not support the administration's program for national defense and that he would oppose the program in a personal capacity only and not as majority leader.

SINK JAPANESE STEAMER

Tokio, Nov. 8.—The Japanese Steamer Yagurumi Maru was on its way to Sasebo when it was sunk by a German submarine near Giralpar Wednesday. It had been chartered by the British government.

STREETER LOSES FIRST CONTENTION

Court Rules Chicago Has
Jurisdiction Over "Dis-
trict of Lake Michigan"

CHARGE LIQUOR SELLING

Police Allege Streeter Sold
9,600 Bottles of Beer Sunday
in Violation of Closing Law

SALOONMEN SEEK INJUNCTION

CHICAGO, Nov. 8th.—Captain George Wellington Streeter, on trial today in the municipal court on charges of selling liquor without a license, lost the first of the contentions advanced by his counsel when the court ruled that the City of Chicago has jurisdiction over the "District of Lake Michigan" and the acts of the captain as well.

Contents Land Is Not in State.

Since 1886, when the little steamer commanded and owned by Captain Streeter, was stranded off Chicago on a sand bar in Lake Michigan at the foot of Superior street, Captain Streeter has contended that the land which has been filled in was not in the State of Illinois or in the city of Chicago. This trip he named the District of Lake Michigan, and much of his activity since then has been in its defense. The land in question adjoins valuable Lake Shore property and has been repeatedly the subject of law suits and of more than one conflict between Captain Streeter and the police.

For more than a month Streeter has been operating a lunch room in his home in the district named by him and, the police charge, also has dispensed beer, the allegation being that yesterday he disposed of 9,600 bottles while thruout the city the Sunday saloon closing law was in force.

Plea Is Quickly Swept Aside.

The carefully worded plea of the captain's counsel that the court had no jurisdiction was quickly swept aside by Judge Graham and Streeter was called to the witness stand. In answers which were at times responsive to the questions, Streeter gave his story of the wreck of his vessel, the filling in by accretion of the land between his wreck and the old shore line and his contention that only the federal government had jurisdiction over the "district."

"I am seventy-five years old," said the witness.

"What is your business?"

"Right now my business is to reside in the District of Lake Michigan," he replied.

The answer was ordered stricken from the record.

After that the captain said he lived "1299 feet east of the old town of Chicago."

"Officially," he added, "I live in Lake Michigan."

"As a matter of fact is not your business that of selling liquor?" he was asked.

"No sir," replied Streeter, "I keep a lunchroom. I never sold a drop of liquor in my life."

Selection of a jury was begun after the preliminary contentions of counsel had been overruled.

Saloon Keepers Seek Injunction

Ten saloon keepers today sought an injunction in the United States district court to restrain Mayor Thompson and the city police from preventing them from selling tobacco and non-intoxicating liquors on Sunday and to prevent the revocation of saloon licenses for such sales. Discrimination against such saloon keepers and in favor of drugists and other storekeepers is alleged in the bill of complaint which sets forth that under the present ruling of the city authorities saloon keepers are denied their rights as retail dealers to sell cigars, tobacco, buttermilk, mineral waters and similar non-intoxicants. In addition the court is petitioned to hold the Illinois Anti-Tipping statute which directs that saloons be closed on Sunday, unconstitutional and also to rule that the mayor of Chicago may not revoke the license of a saloon keeper without a hearing before a competent court.

FILE JUDGMENTS AGAINST COL. MCGRAW

Charlestown, Nov. 8.—Judgments aggregating \$150,000 have been filed here, it became known today, against Col. John T. McGraw, Democratic national committeeman from West Virginia, and a number of his business associates. The suits, it was stated, were the outgrowth of the closing of the Bank of Grafton, of which Col. McGraw was a director.

MOB BURNS MARKET HOUSE IN CHIHUAHUA

RAIDS GERMAN CONSULATE AND
RAIDS CONFISCATION AGENCY

Unpaid Villa Soldiers Are Joined by
Civilians and Women—Forced
Loan is Levied to Obtain Money
to Pay Rioting Troops.

San Antonio, Texas, Nov. 8.—A mob composed of unpaid Villa soldiers, civilians and women, raided the German consulate in Chihuahua, Mexico, burned the market house, and looted the headquarters of the confiscation agency Friday, according to a delayed message received here tonight from Corral, near Chihuahua. A forced loan of \$100,000 Mexican gold was levied on merchants and wealthy residents, in order to obtain money with which to pay the rioting troops, the message stated. The rioting is said to have started when the soldiers made a demand for their pay upon the offices of the Chihuahua garrison. Having no money the commander attempted to put them off by promising money later. The soldiers, joined by a mob of men and women, then went to the market house, set fire to it, after taking out quantities of food, and proceeded to the German consulate where silver and lead bullion belonging to the Chihuahua Mining company, is said to have been seized.

The confiscation agency then was visited but nothing of value found there. The forced loan it is said raised sufficient money to pay off the troops and the mob then dispersed.

Nogales Is Reported Quiet.

Douglas Ariz., Nov. 8.—Forty soldiers of the Villa garrison at Nogales, Sonora, left today ostensibly to join the ranks of General P. Elias Calles, at Agua Prieta. Nogales tonight is reported quiet. General Villa is reported enroute from Cananea to Nogales, Sonora, for the purpose of interviewing Carlos Randall, acting governor of the state of Sonora. He is said to be accompanied only by a small body guard consisting of no more than 150 men. The remainder of his force is in camp around Villa Verde, where supplies are being received from Naco, Sonora.

Troops Arrive in Juarez.

El Paso, Texas, Nov. 8.—The arrival at Juarez late today of about 5,000 heavily armed troops from the south, headed by the expectation here of a revolt of the Villa garrison in the little border town across the line.

The troops are mostly veterans, withdrawn from operations in the south and central part of Mexico.

The arrival of troops is interpreted as the beginning of the withdrawal of southern and central Mexico of Villa bands.

TWO LINES REFUSE PASSAGE TO EMIGRANTS OF MILITARY AGE

Mass Meeting Is Held at Liverpool
to Protest Against Continuance of
"Scandalous Attempts to Escape
Enlistment."

London, Nov. 8.—Following the example of the Cunard Steamship company, the White Star line announced today that no further bookings on its steamships of emigrants of military age would be permitted.

At Liverpool today a mass meeting was held to protest against continuance of "scandalous attempts to escape enlistment."

The meeting adopted a resolution calling upon the government to issue orders, under the defense of the realm act, that British subjects of military age would not be permitted to leave the United Kingdom during the present crisis without the special permission of the home office. Indications are that there will be a greater bar in the near future to the wholesale emigration of Britishers to the United States. Heretofore those who desired to sail only had to satisfy the emigration officers that they had plausible reasons for leaving the country but it is anticipated shortly they will have to produce passports which will not be issued with too much freedom.

DEBATE ON CONDUCT OF WAR IS RESUMED IN THE HOUSE OF LORDS

LONDON, Nov. 8.—The debate on the conduct of the war and the censorship was resumed in the house of lords this afternoon. Earl Loreburn, former high chancellor, brought up the subject, declaring that he took this action owing to his belief that the Marquis of Lansdowne had not made adequate reply to the arguments of Viscount Morley.

Earl Loreburn spoke of what he termed "the misadventures" of the Antwerp expedition; the loss of Rear-Admiral Sir Christopher Cradock's squadron; the dardanelles operations and the albanian expedition. The speaker said he had been told two months ago that fifteen million men had been killed or disabled for life and that multitudes had been added to this number since and that if the conflict continued indefinitely revolution or anarchy might follow in Europe.

ARREST MISS STARR

Chicago, Ill., Nov. 8.—Miss Ellen Gates Starr, one of the founders of Hull House, was arrested again today for her activity in the garment workers' strike. She was locked up for half an hour before bail was offered which suited the sergeant in charge.

AUSTRO-GERMANS CROSS THE MORAVA

Gen. Von Golwitz Occu-
pies Kruzva, 30 Miles
Due Northwest of Nish

TAKE MANY PRISONERS

Russians Continue Their At-
tacks in Courland, Volhynia
and Galicia

ITALIANS TAKE CUL DI LANA

LONDON, Nov. 8.—The press and public were largely occupied today with the American note which has been the subject of more discussion than any diplomatic question for many months. The foreign office has already given it very careful consideration, but it has not yet been completed and probably it will be a fortnight or more before a reply can be prepared.

Cut Branch Line Railway.

For the moment the note has even overshadowed the Near-Eastern situation and Earl Kitchener's proposed visit to that theater of operations. Beyond the fact that Lord Kitchener has departed for his destination, there is little news from the allied side respecting Balkan affairs. The Austro-Germans have succeeded in crossing the Morava river in Serbia and General Von Golwitz has occupied Kruzva, about 30 miles due northwest of Nish. The fall of Kruzva means that the branch railway line to Ushitze near the Bosnian frontier, has been broken by the invaders close to the point where it leaves the main Belgrade-Nish-Saloniki line. A large number of prisoners and a lot of war material fell into German hands.

The Bulgarians also are advancing from the east but in the west the Montenegrins claim to have inflicted another defeat on the Austrians. The Austrians are said to be concentrating a force of 120,000 men in Herzegovina for invasion of Montenegro.

Russians Continue Attacks.

The Russians continue their attacks in Courland, Volhynia and Galicia and while they report some successes, apparently they are not making any attempt to advance. According to Petrograd correspondents there is no intention of such an attempt to the present object of the attacks being to harass the Austro-Germans and prevent them from preparing positions for the winter.

The Italians captured the Col di Lana, after a chase across the snow, hoisted the Italian flag on the summit. The Austria war office admits that Col di Lana was taken but declares that counter-attacks by the Austrians resulted in its recapture. Submarines are becoming more active. The British have sunk in the Baltic the German Cruiser Undine, which was escorting a Germany ferry steamer, and now all the German ships in that sea are under heavy convoy. In the Mediterranean the Germans have sunk several steamers, including the British boarding steamer Tara.

TELL STORIES OF LOOTING.

San Francisco, Nov. 8.—Stories of the looting of the Mexican seaport of Manzanillo by Carranza soldiers were told today by officers of the steamer Solano, which has arrived here from the lower coast. The Solano carried 1,200 Carranza soldiers from Guaymas to Manzanillo near where a regiment of Villa's men was reported encamped.

MUNDAY RESUMES STAND.

Morris, Ill., Nov. 8.—About ninety per cent of the depositors in the La-Salle Street Trust & Savings Bank agreed to accept certificates of deposit after the institution closed its doors, according to the sworn testimony of C. B. Munday, former vice-president of the institution who took the stand in his own defense today in his trial on a charge of conspiracy to wreck the bank.

While Americans may disagree upon the holding of the Philippines and about the necessity of the course which made those islands a part of the United States territory, all will agree that conditions have greatly improved in the Philippines since the United States took control. The main cause for improvement can be found in the improvement in the educational facilities of the islands. There are now 43,000 schools there, taught by 10,000 teachers, with an enrollment of 500,000 pupils. The United States inaugurated the system but the expense is paid from the taxes raised in the islands.

All Missouri to Pray.

Gov. Major of Missouri, in his proclamation of Thanksgiving day this year, has included a paragraph in which he asks that every citizen of Missouri join in silent prayer at the hour of 10 a. m. Thanksgiving day. It is the governor's wish that every one of the 3,500,000 residents of Missouri shall unite in a prayer of thanksgiving for their own personal blessings and those of their country at that particular moment. It is a good suggestion, and if all the people of that state accede to the request, a monster petition will go up, but it is a little hard to imagine every Missourian with bended knee.

Judging from the numerous automobile accidents along country roads and in other cities, the recent order of the Jacksonville police department employing a special officer to apprehend speeders came none too soon. For several weeks past the news columns of many papers have been sprinkled with the reports of automobile accidents, many of them resulting in fatalities. While there are some exceptions, as a rule these accidents have been caused by excessive speed. With a car going along city streets or country roads at 40 or 50 miles an hour, there is every chance of an accident. Something goes wrong with the car—something unexpected is encountered in the road—and then the accident. The police department here has already noted the effect of the known presence of an automobile "cop," and it is to be hoped that that influence will continue and that automobile drivers will be temperate in the matter of speed for their own safety and that of the public.

Increasing School Usefulness.

An advance step in making public schools the social center has been taken by Mrs. Ella Flagg Young, superintendent of the Chicago schools. She recently recommended that twenty-four school buildings be used as social centers and thus opened two evenings of each week. She has further recommended that the assembly halls of a number of schools be available for the public welfare department of the city in the development of their recreational programs. All of these suggestions are practicable, especially for a city. The use of the school buildings for such purposes is distinctly educational and their use in providing some recreation for people who probably cannot secure it in some other way will be of great moral assistance to certain communities in Chicago. There is not so much need for the use of school buildings for like purposes in the smaller cities, but the tendency to make the public school a social center where the parents of the children meet with them for various evening

entertainment is commendable. Influences exerted upon both children and parents are good and there is a tendency to create a still larger interest in the work of the schools.

Experts Will Seek Agreement Basis.

Experts of the United States will meet in conference in Philadelphia today in the effort to reach a common ground for a fair and standard basis for valuation of public utilities. There have been great discrepancies between the values set by private corporations and upon those set by city, state and national officials, and these differences have been more frequent in later years, resulting in controversies as to capitalization, charges and services. For evidence of this fact one needs only to refer to the history of the Jacksonville rate case before the Illinois utilities commission. The value placed upon local property by the company is about twice that fixed by engineers for the commission. Because of such differences of opinion and the long series of hearings and litigation which sometimes follow from these differences, city and state officials and the officers of utility corporations are agreed that it would be for the best interest of all concerned if experts could agree upon some system of valuation which could be accepted as proper and final. It is with this end in view that the convention has been called in Philadelphia. In the past experts representing the government or municipalities in their valuations have adhered largely to the historical method of calculation, which is based in the main upon first cost. They take into account the money actually paid out for a property and the repairs and improvements made. Experts for the corporations usually figure that the true basis of valuation is what it would cost to reproduce a utility at the present time and also reckon in an added value because it is a going concern.

WOMEN IN THE NEWS.

Boston—President Wilson is one of the patrons of the benefit being given here today by the New England Women's Press association, for the purchase of the birthplace of Henry Wadsworth Longfellow at Portland, Me. The Maine State Federation of Women's Clubs, aided by women of other states, have restored the interior of the boyhood home of the famous poet. Tonight's benefit is an operatic concert, in which Madame Isidora Martinez, Chilean prima donna, is to sing.

Dayton, O.—The automobile procession of suffragists, members of the Congressional Union, who are on their way to Washington from the Pacific Coast to bombard Congress, in the interest of the Susan B. Anthony amendment for suffrage, are due here tomorrow. If their schedule is in working order. On Wednesday they will be at the state capital at Columbus, and for a few succeeding days will be smoking out Ohio Congressmen. Michigan will be the next state they will tackle.

Burlington, Vt.—The 48th annual meeting of the Women's Board of Missions will begin here on Wednesday. Among the missionaries expected are Mrs. George B. Cowles and Miss Juliette Gibson from Africa. Mrs. Ursula C. Marsh, from Bulgaria, the Misses Gertrude Rogers, Caroline Silliman, Mary D. Uline, and Mrs. Elmerich and Mrs. Ward, from Turkey; Miss Alice Adams from Japan, and Mrs. Frank J. Woodward, from Micronesia. The women's board is a Congressional organization. The coming convention will occupy three days.

Jacksonville, Fla.—At the national convention of humane associations, which opened here today, are many women workers for suppressing cruelty to children and cruelty to animals. Mrs. W. B. Dixon, president of the women's auxiliary of the humane society at Louisville, Mrs. Jennie Weller, president of the Tampa humane society, and other prominent women are attending. Among the speakers are Miss Anna M. Woodward of Rochester, N. Y.

Rippling Rhymes By WALT MASON

PAYING RENT

For seven years in discontent, I leased a humble cot; it kept me busy paying rent—it also kept me hot. Each month for seven weary years, I coughed up twenty bones; I handed out the coin with tears, and deep, heart-rending groans. The landlord lived in prince-like state, and when I went to him, and said, "Old scout, the garden gate is badly out of trim; the doggone roof lets in the rain, and floods our measly hut, each window has a broken pane, the doors will not stay shut," he answered me, "The times are bad, and growing worse, I trow; I simply cannot spare a scend to fix that cabin now." At last I bought a lowly shack, that measured two by four, with rainpipes running up the back, a latchstring to each door. Now if the roof is sagging down, beseeching for repairs. I take my jimmy and my ax, my shotgun and my spade, and plug the holes and fix the cracks, without a landlord's aid. And there's a pleasure simply great, a sacred sort of glee, in working round your own estate, however small it be.

Mrs. Mary S. Sage of New York and Miss Elizabeth Olney of Providence, R. I.

New York.—The world's greatest woman walker is Mrs. Harry Humphreys, who has tramped over fifteen countries and part of a sixteenth for no other reason than that she liked to walk and believed that whatever could be done by man can be done equally well by woman. She left New York in July 1911. She tramped thru Canada, Nova Scotia, Newfoundland, Prince Edward Island, England, Scotland, Ireland, Norway, Denmark, Sweden, Russia, Germany, Holland, Belgium and France. Her trip into Spain and Italy was curtailed by the war. During her four-year jaunt she wore but two dresses.

New York—How to buy, when to buy, how to choose food and how to keep it clean—these are the things that Miss Laura A. Canale of the Bureau of Food Supply of the Association for Improving the Condition of the Poor is telling mothers and housekeepers of this city. The association's kitchen is the scene of her talk, and her assistants illustrate her words with exhibits of foods. The kitchen is the only one of its kind in America, but it has been so successful that others will soon be established. It was made possible by the philanthropy of Mrs. William K. Vanderbilt, Jr. and Mrs. James A. Burden, Jr., who provided the fund necessary for its opening.

Poughkeepsie, N. Y.—At the celebration of Vassar College's semi-centennial last month, one of the most talked-of speeches was that of Dr. Emily J. Putnam, associate in history at Barnard College. She expressed radical feminist views regarding the rearing of young women. "No man would want to change places with his own wife," she asserted, giving as reasons woman's inferior physique, her economic inferiority and her emotional instability. She said she would correct the first by having girls engage in many sports and not cry when they are hurt. The second inferiority she believes the college woman and the industrially occupied are answering, and the third she would overcome by stopping the "sentimental leaks".

MORTUARY

Harris.

Dr. Ben Harris of Georgetown, Missouri, died recently at his home in that place. He was married some fifteen years ago to Miss Winnie Heaton of Lynnville. He is survived by his wife but no children. The remains are expected here today at eleven o'clock on the Chicago & Alton railroad and will be taken directly to Diamond Grove cemetery for interment. The burial services at the grave will be in charge of the Odd Fellows lodge of Lynnville.

Doxstader.
Mrs. Elizabeth E. Doxstader died at her home, 702 North East street, Sunday evening at 8:10 o'clock. Deceased was the daughter of William and Miriam Morris Taylor and was born in Scott county, May 14, 1844. She was united in marriage at Petersburg to Jacob Doxstader in October, 1860. She is survived by two children, Frank Doxstader of Chandlerville and Mrs. A. C. Grimmer of this city. Mrs. Doxstader was for many years a member of Centenary church. Brief services will be conducted at the residence, 702 North East street, Tuesday afternoon at 3 o'clock in charge of the Rev. G. W. Flagg. The remains will be taken to Petersburg, Wednesday morning, and services will be held from the M. E. church in that city Wednesday morning at 10 o'clock in charge of the Rev. J. A. Bell. Burial will be in Rose Hill cemetery.

Hankins.

James Hankins who at one time lived in this city was struck near Clinton by a traction train going at a rapid rate and instantly killed. A coroner's jury exonerated the company from all blame. He was employed by the Jacksonville Packing Company while in this place.

A MEMORIAL FOR THE LATE EDWARD MAC DOWELL
The coming of Mrs. Edward Alexander Mac Dowell, to the Woman's college Friday evening, where she will give a piano recital, exemplifying the compositions of her late husband, calls to mind the untimely death of Mr. Mac Dowell, one of the greatest composers America has ever known and who compared with those of the old world. He died suddenly at the age of 47 years, while in the height of his work. He had purchased a farm in New Hampshire, where he could enjoy nature and where he wrote his great composition. It was always his wish that he might have the place kept for other musicians who might enjoy its freedom and the inspiration the place gave. But his dream was never realized. But a memorial association has been formed to further this work and for that purpose Mrs. Mac Dowell is assisting in the work from her recitals. She was a pupil of Mr. Mac Dowell and later married him. She is an excellent pianist and a woman of charming personality.

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and discharged—not through the flue and chimney, but through the top of the hot-air chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple pipe connection.

FUNERALS

The remains of the late C. A. Smith who died in Springfield Saturday were brought to Diamond Grove cemetery. There brief services were held by the Rev. Myron L. Pontius, pastor of Central Christian church.

The bearers were James Ransom, William McCormick, J. E. Ross, J. J. Crouch, A. T. Capps and George Royce.

Halpin.

The funeral services of Miss Marie Halpin were held from St. Sebastian church in Waverly Monday morning at 9 o'clock. Services were in charge of the Rev. Fr. L. B. Kehoe of Alton, assisted by the Rev. F. Beary. Interment was in the Catholic cemetery at Waverly.

The bearers were John Zoll, Frank Zoll, George Zoll, Leary Flannigan, M. Pourke and William McCready.

There were many in attendance at the services from this and other cities. Among them were Miss Minnie Lonergan, Mrs. Mary Gorman, Miss Bessie Gorman, Phil Gorman, Mrs. Mary Sweeney, Mrs. A. Stringham, Mrs. Will Carson, Mrs. James F. Harvey, Mrs. Purcell, Mrs. Josie Arisman, Mr. and Mrs. Daniel Bahan, Sr., of Jacksonville, D. D. Rhoades, Mr. Fitzpatrick, Mr. Quinn, Mr. and Mrs. Patrick Halpin and son and daughter, Springfield; E. Halpin, Chicago; D. Mills and J. Mills, Charleston; Mrs. Agnes Flood, Mat and William Flood and Misses Catherine Anna and Marie Flood of Auburn, P. Sheehan, Miss Nana Sheehan, Mrs. F. Dupay and daughter, and Mr. and Mrs. William McCready, Vir-

den; Mr. and Mrs. J. Phelan, Madison.

Smith.

The funeral of Mrs. Eva Munson took place at Spaulding Sunday in the First Presbyterian church. Mr. Smith is a brother of C. H. Smith of this place. Mr. and Mrs. C. H. Smith, Charles H. Ward and daughter, Miss Florence, attended the services. Of the occasion the State Register says:

"Friends of the deceased filled the pews of the large church. Floral offerings, which blanketed the pulpit were numerous and beautiful.

"The Rev. Mr. McLeod prefaced his sermon by the reading of two telegrams of condolence to Mr. Smith, one from the national president of the Women's Christian Temperance Union, and the other from the state president of the same. Each paid a high tribute to Mrs. Smith's efforts in behalf of the temperance cause.

In like manner the pastor paid tribute to Mrs. Smith's devotion to reform work in this city, referring to the years of her life given over to the cause of uplifting humanity as she found it in her own community, and giving instances of the comfort and cheer she had brought into the lives of the unfortunate and distressed.

Chrisman.

The funeral of Miss Hannah Chrisman was held from the Christian church in Chapin Sunday afternoon at 1 o'clock in charge of the Rev. Mr. Hadaway. Music was furnished by a quartet composed of Mrs. M. F. Funk, Mrs. P. P. McKinney, W. P. McAdams and Wilbur Williams.

There were many floral offerings and these were in charge of Mrs. Albert Jewabury, Mrs. Dick Adams and Miss Sadie Lynch. Interment was in Lewis cemetery and the bearers were Will Evans, George Hogan, Newt Hardwick, Frank Jewabury, George Smith and Dick Adams.

Mrs. W. H. Hinrichsen of Alexander has returned from a visit with her son, Ernest Hinrichsen of El Paso, Ill.

A healthy sport is the marathon.
A sport we all must dote upon;
But when it comes to a lively step
Your Butcher Man is there with

The gait he sets in the business race,
Is such that few can keep pace;
For in selling meat that's fresh and prime,
At lesser price he's right in line;
And to the quality we must allude,
For in competitor's meats there's no

MEETINGS AT CHRISTIAN CHURCH BEGIN 2ND. WEEK SUCCESSFULLY

The Rev. John L. Brandt heard in
Two Strong Sermons Sunday—
Thirty-six Make Confession Sun-
day Morning.

"Sin Its Consequence and Cure"
was the theme of the Rev. J. L.
Brandt speaking before a good sized
audience Monday night at Central
Christian church. The revival series
is starting its second week with pros-
pects of a still greater success than
at first was evidenced. Thirty-two
united with the church at the con-
clusion of a short talk by Rev. Mr.
Brandt at the Sunday school service
Sunday morning and four came for-
ward at the end of the church ser-
vice. A baptismal service for the
women converts will be held to-
night and the rite will be administered
to men at a service Wednesday eve-
ning. Several times during the
course of the meeting Rev. Mr.
Brandt has emphasized the fact that
it is the Lord's work he is engaged
in and not the work of the denom-
ination only and that anyone mak-
ing a confession during the meetings
stands at perfect liberty to take fel-
lowship with any other church body.
Rev. Mr. Brandt has announced
the following sermons subjects for
the meetings this week.
Monday—"Sin, Its Consequences
and Cure."
Tuesday—"Christianity Versus
Immorality."
Wednesday—"The Incomparable
Question."
Thursday—"Popular Excuses."
Friday—"Home and Mother."

SerVICES begin promptly at 7:30
p. m. A personal and cordial invita-
tion to all. Come and bring your
friends with you.
After the sermon each night dur-
ing the week, Rev. Brandt will give
a series of stereoscopic views cover-
ing some of his travels in foreign
lands.
The service Monday evening was
opened by prayer by the Rev. C. G.
Cantrill, pastor of the Christian
church at Altberry, and after a
short session of scriptural quotations
led by the evangelist the ser-
mon was begun with the pointed in-
junction, "Be sure your sin will find
you out." You can outlaw a note
but you cannot outlaw a sin. "Mo-
may say 'let by-gones be-gones' but
this saying will not hold with sin,
which follows the door until the
penalty is paid. It is up to you to
kill sin before it kills you. Let us
try to see sin as God sees it. Let
us at once repent and realize that
for sin the only cure is the love of
Christ."

For a few minutes at the close
of the regular service lights were
turned out and Rev. Mr. Brandt re-
freshed his hearers with incident of
travel and personal reminiscence
of China and Chinese custom, illustrat-
ing his words with a series of twenty
stereoscopic slides obtained by him
while on an extensive tour. Chinese
methods of punishment was the prin-
cipal theme and the audience seemed
greatly interested with this graphic
presentation of a subject seldom
touched upon.

Members of the church were very
glad to welcome the Rev. M. L. Pon-
tius and at the close of the service
united in extending hearty congratu-
lations for his speedy recovery from
an accident which confined him to
his home three days and for a time
threatened serious results.

"God is Calling You" was the theme
of the evangelist Sunday morning.
"God is calling you today today,
if ye will hear my voice, harden not
your heart. You who have stood face
to face with Christ and forsaken him
are in worse condition than before.
I plead with you to come to Christ
today and make peace with him."
An audience which overflowed
into the Sunday school room heard
Rev. Mr. Brandt Sunday evening in
presentation of the subject, "Christ
Before Pilate." The speaker took
Pilate's question "What Shall I do
With Christ?" and made applica-
tion which no individual can escape.

JACKSONVILLE HIGH WILL PLAY PEORIA HIGH SATURDAY

Local Football Eleven Will Go Up
Against Strong Northern Team.

The Jacksonville high school foot-
ball team is doing double practicing
this week, in anticipation of the
game Saturday on Illinois field with
Peoria high. The northern school
is strong this year and their defeat
at the hands of Decatur high last
Saturday by a score of 27 to 0, does
not tell the tale for the Decatur
school is one of the new aspirants
of the state title. Jacksonville has
two other hard games ahead of
them, Greenfield on Nov. 20, the
team that defeated Springfield high
Saturday by a score of 35 to 0. The
game announced for Thanksgiving
is against Pawnee high.

THREE BREAK JAIL EARLY THIS MORNING

HOWARD WHITE AND JOE SAMS
ARE RECAPTURED.

Clyde Lucht is Still at Large—
Break Three Locks and Let Selves
to Ground With Rope of Blankets
—Sams in Act of Boarding Alton
"Hummer" When Caught.

Clyde Lucht, Howard White and
Joe Sams were the principals in a
skillful jail delivery which took
place this morning about 1:30
o'clock. White went to his home
and was caught a few minutes later.
Sams was caught in the act of
boarding the C. & A. "Hummer" and
was at once returned to his cell by
Sheriff Graff and two deputies and
Lucht at an early hour was still at
large.

The men had in some manner
wrenched the padlock from the door
which opens from the three-part cell
in which they were confined, to the
main corridor and then had taken
off two larger padlocks which hold
the door opening into the older part
of the building. Gaining the "old
jail" which is almost a story above
the level of the cells, the prisoners
removed enough bricks to the north
side of the building and let them-
selves down by tying blankets to-
gether.

The opening in the wall was dis-
covered by Merchant Policeman Jer-
emiah Sweeney who at once notified
the sheriff. Lucht was serving a boot-
legging charge and his time it is un-
derstood, is practically up. Sams is
serving a longer sentence, having
been convicted several months since
on a charge of break into Elmer's
store at Chapin. White was serving
a term for burglary also, having been
recently convicted for aiding in a ro-
bery at Waddell's.

White went directly to the home of
his grandmother and told his aunt
he had heard that his grandmother
had recently died. On learning that
this was not true, he insisted upon
returning to the jail and the Sheriff
was notified of his whereabouts by
telephone.

On learning of the delivery the
sheriff and two deputies made for the
C. & A., reaching the yards just as
the Hummer was pulling in and
apprehending Sams as he was in the
act of boarding the blind baggage.
Sams was coatless and hatless, as
were the other prisoners, and the
night would have gone hard with him
indeed, as the Hummer does not stop
until reaching Bloomington.

Sams, it seems, has several times
shown bad temper and it was only
yesterday that he smashed a window
in a fit of temper and had to be
punished with solitary confinement.
He was caught by Officer Jordan.
Monday evening and his complicity
in the getaway created less surprise
than would a similar action on the
part of any of the other prisoners.

The sheriff and deputies expected
to continue the search for Lucht
thru the night and felt that his in-
terception was a practical certainty.
They felt especially gratified that
they caught the "long termers" first.

CLUB WOMEN GATHER AT ROCKFORD FOR STATE FEDERATION MEETING

Six Hundred are Expected—Greater
Number are to Enjoy the Hospi-
tality of Rockford Homes.

Rockford, Ill., Nov. 8.—Club wo-
men from every part of Illinois came
to Rockford today to attend the an-
nual convention of the state federa-
tion of Women's clubs, which opens
tomorrow morning. The arrival of
the official train this afternoon bear-
ing a number of distinguished visitors
was quickly followed by the finish-
ing touches to the arrangements for
what is confidently expected to be one
of the most successful gatherings in
the history of women's club work in
Illinois.

Six hundred delegates are expected
and the greater number of these are
to enjoy the hospitality of Rockford
homes. The Chamber of Commerce
has taken a hand in the welcoming
of the visitors and many church so-
cieties as well as club circles are to
have a part in entertaining the wo-
men. There is to be a long round of
luncheons and dinners and receptions.
A special feature will be a reception
at Rockford College by President
Julia Gullivar and the faculty.

The convention gets under way
tomorrow morning with addresses
of welcome by Mayor W. W. Ben-
nett and Miss Jennie Spafford, pres-
ident of the Rockford Woman's
club, and the response by Mrs.
Charles H. Zimmerman of Chicago,
president of the Federation. The
appointment of committees follows,
and then the reports of committees
and officers. The club women have
planned a program to last until
Friday morning. The legislative de-
partment will have its session on
Tuesday afternoon.

GERMANY DENIES TESTIMONY.

presses doubt that such testimony
ever actually was given.

ELEVATOR AT YEOMAN BURNS TO GROUND SUNDAY

Structure Catches Fire in Unknown
Manner, Was Practically Consumed
Before Help Was Summoned—
Owners Will Rebuild.

The elevator at Yeoman station on
the Alton air line, was totally de-
stroyed by fire Sunday morning at
3:15 o'clock. The fire was discovered
by Martin Anderson, who tele-
phoned to Mrs. C. I. Gleen, manager
of the Franklin telephone exchange.
He said that there was a big fire in
that direction and guessed it was
near Yeoman station. Mrs. Glenn
gave the alarm in that community,
but the building was practically gone
when the neighbors arrived there.

No one knows what started the
fire. J. E. Sinclair, the station agent
at Yeoman, had been to Springfield
that night and passed the elevator at
midnight so the fire must have start-
ed after that time.

The building was erected at the
time of the building of the Alton air
line, at a cost of \$5,500. Recently
\$1,000 repairs had been made on the
building, by the owners, Messrs. W.
P. Calhoun and William Ryan. They
carried \$4,000 insurance. Fortuna-
tely there was only 5,000 bushels of
oats in the building, so the loss will
not be so great as if there had been
considerable wheat and corn stored.
The owners of the building stated
yesterday, that they intended to
build another elevator on the same
site as soon as arrangements could
be made.

SUFFRAGISTS' BIG FIGHT FOR BALLOT

Washing on Demonstration to Follow One at Fair

CONGRESS IS BEING POLLED

At Least 5,000 Suffragists, Men and Women, to Gather in National Capital For December Meeting—Woman Suffrage Workers Plan Busy Campaign in Their Native States.

Washington.—This month the women voters of the United States planned to meet at the Panama-Pacific exposition in San Francisco and go on record as favoring the Susan B. Anthony amendment to remove from the ballot the qualification of sex.

Three months later, during the first week of December, the members of the Congressional union and their supporters will rally in Washington and make a great demonstration before congress.

More than 3,000 women will take part in the San Francisco convention.

Photo by American Press Association.

MISS O. H. P. BELMONT.

At least 5,000 suffragists, men and women, will gather in the national capital for the December meeting.

In the various states woman suffrage workers are calling on their representatives in congress to assist them by word of mouth and by votes next winter.

"We are determined to win from a reluctant congress that which will establish for all time to come our rights as citizens of the United States," said Miss Lucy Burns, vice president of the congressional union. "We have listed more than half of the members of the present congress, and by a file index can tell just where they stand. Before congress meets we will complete our poll and will be able to separate the sheep from the goats or the wolves."

Miss Burns was asked if the union would send any more deputations to see the president and try to get him to support their cause.

"We have not mapped out our plan as to the president," said Miss Burns, "but we will wait until he declares his position on suffrage in New Jersey before the October election there. It was announced at the White House some days ago that the president would make public his views in his own state. The congressional union's attitude toward the president is one of 'watchful waiting.'"

This convention will consider how the political power of women who are already voters may be used to help the passage of the suffrage amendment in the next congress. There are already nearly 4,000,000 women voters. All the twelve suffrage states will send voting delegates. The states in which women are still disfranchised will send representatives.

At this convention New York will be strongly represented. Mrs. O. H. P. Belmont, chairman of the women voters' convention, is expected to be present. Mrs. Belmont is deeply interested in the plan for the Congressional Union to organize the women voters of the west in support of the federal suffrage amendment.

"It is this part of the policy of the Congressional Union," said Mrs. Belmont, "which has my heartiest support."

Mrs. Belmont has already devoted much time to overseeing the details of the convention. She has been assisted by a committee consisting of Mrs. William Kent of California, Mrs. S. B. M. Young of Montana, Dr. Cora Smith King of Washington, Mrs. George Fowler of Colorado, Mrs. Charlotte A. Whitney of California, Mrs. Preston Satterwhite of New York, Mrs. M. H. DeYoung of California, Miss Margaret Roberts of Idaho, Mrs. Frederick G. Sanborn of California, Mrs. Lucius Cuthbert of Colorado, Mrs. Phoebe A. Hearst of California, Mrs. Mary Cabot Threlkeld of Oregon, Miss Florence Kelley of New York and Mrs. Lovell White of California.

JUSTICE VERSUS LAW.

And a Judge Who Had No Patience With Legal Quibbling.

The Central Law Journal says that Theophilus Harrington, a Vermont judge in the early part of the last century, was a man who loved the right and cared little for mere legal quibbling. "If justice controls your verdict," he would often say to the jury, "you will not miss the general principles of the law." At one trial when the possession of a farm was in question the defendant offered a deed of the premises to which the plaintiff's lawyer, Daniel Chipman, objected because it had no seal.

"But your client sold the land, he was paid for it and signed the deed, did he not?" asked the judge.

"That makes no difference," said Chipman. "The deed has no seal and cannot be admitted to evidence."

"Is anything else the matter with the deed?" asked the judge.

"I don't know that there is."

"Mr. Clerk," said the judge, "give me a wafer and a three cornered piece of paper."

The clerk obeyed, and the judge deliberately made and affixed the seal.

"There, Brother Chipman," said he, "the deed is all right now. It may be put in evidence. A man is not going to be cheated out of his farm in this court when there is a whole box of wafers on the clerk's desk."

ORIENTAL MENDACITY.

A Little Thing Like the Truth Is of No Account in Egypt.

If orientals have one fault more than another it is a disregard for truth. In the early days of the English occupation of India, the English judges were astounded at the conflicting stories told by witnesses, and they soon learned to set them all down as unworthy of credence.

In American courts it is also well known that the Chinese are very penurious of the truth, and that no oath will prevent them from giving false witness. In Egypt it is also very easy to get native witnesses to swear to anything, true or untrue.

For instance: Ahmed, a native of Cairo, had a slave who peeped over a wall into Suleiman's harem, and the ladies considered themselves insulted. Suleiman wanted revenge, but he could not bring his wives into court to testify, so it was agreed that Suleiman should accuse Ahmed's camel of walking on Suleiman's hand. A crowd of witnesses came forward and for two days testified about the camel and the hand, until the English judge decided in favor of Suleiman.

It was not until a week afterward that the judge discovered to his great surprise that Suleiman had no ground and Ahmed had no camel.—Exchange.

Shakespeare's House.

The house in which the master bard was born is located in Henley street, Stratford-on-Avon, England. Washington Irving said of this famous abode of genius: "It is a small, mean looking edifice of wood and plaster, a true nestling place of genius, which seems to delight in hatching its offspring in bycaverns. The walls of its squalid chambers are covered with names and inscriptions in every language of pilgrims of all nations, ranks and conditions, from the prince to the peasant, and present a simple but striking instance of the spontaneous and universal homage of mankind to the great poet of nature."

Several years ago the house was purchased by subscription with a view to the careful preservation of it and of its contents for the inspection of future generations.

Where Nature Cooks the Food.

In certain parts of New Zealand both native and white women use the natural hot springs to do their cooking. In the Rotorua region it matters not whether the cook wishes to roast a piece of meat, boil potatoes or steam pudding, all she has to do is to step out of doors and place the cooking utensil in a steam hole. The cover is then put on, and a piece of coarse sack over the whole completes the operation. In a short time dinner is ready. At Whakarewarewa the entire earth just beneath the surface is a mass of boiling springs. Millions of gallons of hot water hiss and steam, sending vapors skyward in great white clouds. Strike the ground almost anywhere with a stick and the hole thus formed fills with hot water.

Longest English Lawsuit.

The longest lawsuit ever heard in England was that between the heir of Thomas Talbot, Viscount Lisle, and the heirs of Lord Berkeley respecting certain lands and possessions not far from Wootton-under-Edge, in the county of Gloucester. It commenced at the end of the reign of Edward IV, and was pending till the reign of James I, when a compromise took place after it had lasted about 120 years.—London Answers.

And Catches Him.

"Man," declared the old fashioned preacher, "is a worm."

"And," said a man who had been married three times and who was occupying a small space in a rear pew, "woman is the early bird."—Chicago Herald.

Ripe Olives.

The olive is not a fruit in the sense that the peach or the apple is. It is more of a food. Its oil is extremely nutritious, and the olive itself is in many lands a "staff of life."

You are not fooling everybody you work.—Acheson Globe.

LIBRARY ASSOCIATION MEETING AT CHAMPAIGN

Plans for Illinois Centennial are Considered—Three Attend From Jacksonville.

At the State meeting of the Library Association plans for the Illinois Centennial and Shakespeare year were discussed. Prof. E. B. Greene of the University of Ill. made a plea for the collecting and preservation of local historical material. Prof. Dodge of the University of Ill. and Mr. Legler of the Chicago Library suggested Costume Balls, pageants, posters, and adding of various editions of Shakespeare's work as suitable memorials of the tercentennial of Shakespeare's death. Three members of the Jacksonville library staff attended the meeting: Miss Barrette, Miss Ansberry and Miss Blackburn. A committee of nine to work during the year on legislative problems was appointed. The matter of securing a law which will allow for some sort of county extension seems important to the Association and the making of the wisest plans possible for this and other needed legislation well in advance the times to secure it was the reason for organizing this committee.

The discussion on the mutual needs of schools and libraries was very significant. Miss Irene Warren of the School of Education in Chicago urged closer co-operation between public and high school libraries and read an editorial recommending that the high school library be administered as part of the public library to insure efficiency. The position of high school libraries in the larger schools was discussed and the importance of the work emphasized.

Prof. C. H. Johnson of the University of Illinois led in the discussion which followed Miss Warren's paper. Mr. Leeler, librarian of the Chicago Public Library said that he considered the discussion on this subject the most important part of the meeting and he made a motion which empowered the president to appoint a committee of eleven to take the matter into consideration and prepare a report giving concrete methods of doing the work in high school libraries. He said that he hoped the work would be done with such

Finally Cured by Using One Dollar Bottle of Amolox.

One bottle of Amolox cured me. For ten years I suffered with eczema of the scalp, my head being covered with scales and scabs. I tried everything recommended and everything advertised without relief until I bought a bottle of Amolox. It relieved the itching at once and one bottle entirely cured my eczema. I heartily and cheerfully recommend it to all sufferers of this horrible disease.

James W. Seward, Brazil, Indiana. Amolox ointment will quickly remove pimples on the face, blackheads, and clear up a muddy complexion. Trial size 50c. Bad cases of eczema, psoriasis, salt rheum, tetter, lasting for years, require both Amolox solution and ointment to effect a cure. Recommended and guaranteed by Coover & Shreve. —Adv.

thoriness that it would be a basis on which to work not only in this state but generally throughout the country. A PROSPEROUS CHURCH.

Union Baptist church near Pisgah is in very good condition at present. The new pastor, Rev. F. M. Crabtree, is a comparatively young man with but a few years' experience but he is proving to be the right kind of a man in many ways. He is spiritual and earnest. His sermons have the ring of the true metal and he tells the truth without fear or favor. The congregations both morning and evening are quite encouraging and a fine spirit prevails generally.

The Sunday school under the leadership of A. A. Curry is wide awake and interesting and devotedly pursuing the study of the Holy Scriptures. The teachers are trying to interest the pupils and much good is being done, it is gratifying to see the children remain at church. The singing under the leadership of George Beekman is exceptionally good and all join heartily in it. Mrs. A. A. Curry is pianist and well qualified for the work. Others in the church and Sunday school deserve special mention but the list would be too long.

R. L. DYE TOOK THE PRIZE.

Richard L. Dye residing on West Walnut street, is agent for the paints and kindred material of Lorenz & Brown of Chicago, a firm that employs many canvassers like Mr. Dye to sell its product. Prizes are offered for the best record of occasional months and for that goal the agents work assiduously. On former occasions our fellow townsman has come out ahead and this time the contest was in June and during it great efforts were made. Another agent had been right close on Mr. Dye's record when last he took the prize and this time it was doubtful if the coveted cash would come to Jacksonville but Mr. Dye has received word that it is his. He sold 1336 gallons of paint and is better off by a substantial sum for which his friends congratulate him.

DR. NORBURY WILL GIVE ADDRESS

Dr. F. P. Norbury will make the address at the meeting of the Second Ward Parent-Teachers' association at the Lafayette avenue school at 2:30 this afternoon. His theme will be "Tests for Intelligence as Applied to Public School Children." In addition to the address there will be one or two musical numbers and a social hour. Every member of the Parent-Teachers' association and others interested in the schools are invited to be present.

ILLINOIS SHIPPERS FIGHT FREIGHT RAISE

Chicago, Nov. 8.—Hearings on the 5 per cent freight advance asked by the railroads operating in this state will begin here tomorrow before the Public Utilities Commission. The opponents of the increase are represented by the Chicago Association of Commerce, which will fight the rate increase on the ground that the Illinois rates are already higher than the interstate rates which the Interstate Commerce Commission recently refused to advance five per cent.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS FALLING OUT

Save your hair! Make it thick, wavy, glossy and beautiful at once.

Try as you will, after an application of Danderine, you can't find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—really new hair—growing all over the scalp.

A little danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; and an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.—Adv.

Age is Not the Cause of your hair falling out. It is the condition of your scalp.

FLASH NEWS TO FAROFF SAILORS

Uncle Sam's Boys Find Joy
In Baseball Scores.

VIA THE NAVAL WIRELESS.

Secretary Daniels Arranges For 200 Word Message Every Evening to Warships In West Indies—Captain Bulard, Superintendent of Naval Radio Service, Conceived the Idea.

Washington.—Even the oldest inhabitant of Port-au-Prince, Haiti, can't remember the time before now when the Haitian tropics received the baseball scores every evening.

Somewhat one doesn't associate the thought of the blue Caribbean and scorching semi-equatorial sunshine with the thought of "New York, 4; Pittsburgh, 6." But it's an actual fact, just the same.

Not only baseball scores, but the latest word about the Kaiser and the war and William Jennings Bryan's latest opinion penetrate the tropical evenings. The officers and men of Uncle Sam's warships in West Indian waters are now able to learn of the things going on at home and abroad.

Secretary Daniels worked the scheme through the innate patriotism of a telegraph company and a big press association. Let there be no more talk of soulless corporations, says the navy.

Every night the day's news is boiled down to 200 words—just as it should be, some one says—and is telegraphed

CAPTAIN W. H. G. BULLARD.

to the naval wireless station at Key West, Fla. Then the wireless spurs begin to jump, and out over the gulf, the Caribbean and the south Atlantic flashes the news "from home."

Captain W. H. G. Bullard, superintendent of the naval radio service, is the man who conceived the idea, and through his suggestion Secretary Daniels obtained the co-operation of the news agency and the telegraph company. Only officers and sailors who are thousands of miles from home, in strange waters by strange shores, can fully appreciate the value of a service of this kind.

The men are more interested in the baseball scores of the National and American leagues than in any other point of the day's news. The latest boiler explosion west of Pittsburgh, however, gets their avid interest.

The naval radio service looks upon the idea as a great development of its resources. For several years the service has been sending out the official Washington time through the Arlington (Va.) station and the radio station at Darien, in the canal zone. This time flash has been sent broadcast over the continental United States, neighborhood waters and distant American dependencies.

Not long ago some 300 jewelers informed Secretary Daniels that they had equipped themselves with radio apparatus just to catch this twice daily time flash from Washington. Time signals are said to be of immense benefit to vessels on the high seas, which now possess for the first time an accurate means of checking their chronometers, which is of the greatest help in fixing longitude.

As soon as the new wireless section in the Philippines is completed it is believed that an interchange of messages between the Philippines and the United States can be made in thirty minutes.

The news bulletin service is regarded as of still greater importance as an advance in the naval radio service. It contrasts strongly, old officers say, with the methods of only thirty years ago, when naval vessels on distant duty never got news from home except when the relief vessel arrived and they received orders to go home and freshen up on events.

A Real Little Gentleman.
Brooklyn.—Tough to be a "little gentleman," ten-year-old boy, after carrying small girl with injured foot many blocks to a hospital on his back, refused to give his name because people might think he sought publicity.

YOUNG FOLKS' CORNER

For a Birthday Party.

If any one thinks of giving a birthday party here are some suggestions that may aid. This is an entertainment that may be given indoors or out. If you can get flowered paper send your invitations out on that. Inclose in each envelope, neatly printed, the following list of birth flowers and ask each guest to wear the flower belonging to his or her birth month and to state in the acceptance what flower represents this month: January, snowdrop; February, primrose; March, violet; April, daisy; May, hawthorn; June, rose; July, poppy; August, waterlily; September, goldenrod; October, aster; November, chrysanthemum; December, holly.

In this way you can provide a bouquet for each boy and a wreath for each girl of her or his birth flowers. These need not necessarily be fresh; they can be just paper flowers and give the same pretty and colorful effect.

After the last guest has arrived bags made of crepe paper may be passed around, and the company may be told to hunt everywhere for slips of paper bearing the names of birth flowers, but to claim only their own. This is great fun indoors or out. A full quarter of an hour or even longer should be allowed for the hunt. When the time has expired the hostess should blow a whistle to summon the hunters; the slips should be counted, and the lucky boy or girl who has gathered most should be presented with rose decorated boxes of chocolates.

Partners for refreshments may be chosen by selecting artificial flowers from a jardiniere. Two flowers of each kind must, of course, be placed in the jardiniere.

A Portrait Party.

Get common wrapping paper, a light brown or white, and cut into squares a foot and a half each way. Put up a sheet across a door, and have the light from a lamp arranged so that the shadow of a person's head will be reflected on the square of paper.

A guest is to be placed sideways so that the outline of the face will show on the paper. With a heavy pencil or a crayon draw the outline or profile. One guest at a time is brought into the gallery, and the name is put on the back of the portrait.

When all have been taken an assistant helps cut out the silhouettes, which are pasted on black paper and pinned up like a portrait exhibition. The guests are provided with pencils and paper and write down who they think is who.

A prize is provided for the one who guesses the most correctly, and, if the hostess wishes, a consolation prize may be awarded.

Beheadings.

1. Behead an article of food and leave a recreation.
2. Behead a bird and leave an ancient sailing vessel.
3. Behead a fruit and leave part of the human body.
4. Behead a male fowl and leave a garden tool.
5. Behead a wood nut and leave an article of food.
6. Behead a grain and leave frozen water.
7. Behead a division of land and leave a part of the human body.
8. Behead a point of land and leave an animal.
9. Behead a grain and leave a condition of atmosphere.
10. Behead a feeling of joy and leave a small boy.

Answers: 1. Bread. 2. Lark. 3. Pear. 4. Drake. 5. A corn. 6. Rice. 7. Farm. 8. Cape. 9. Wheat. 10. G-lad.

Personal Luggage For Camping.

As to the personal luggage of a scout going to camp, I would suggest that he make it as light as possible, says Major F. E. Wuerz in the Brooklyn Eagle. There are a whole lot of things that he can do without while camping. Any boy who thinks he can't and wants all the luxuries and comforts of his home with him is mighty poor camping material, and I would advise such a boy to spend his vacation at some hotel, as a camp is no place for the boy who wants waiting on. The following outfit will be found to be ample: Two heavy blankets, one pillow slip (empty), fill it with hay or grass, one towel, piece of soap, comb and toothbrush, one change of underwear, one knife, fork, large spoon, small spoon, one deep tin or enamel plate, one tin or agate cup, one extra pair of shoes, preferably "sneaks."

Riddles.

What is the difference between a bankrupt and a feather bed? One is hard up, the other soft down.

Why is the root of the tongue like a dejected man? Because it is down in the mouth.

Why is a cane chair that has been repaired like a paid bill? Because it has been resented (recepted).

Riddle-me-ree—a farmer's riddle. Alive at both ends and dead in the middle. A plow—a horse at one end, a man at the other and the plow in between.

Keep an Eye on Camp Fires.

Fires should never be left burning while all the members of the boy scout camp are away. To avoid possible forest fire or any accident whatever put your fires out after you are through with them. It is much easier to start a new one than it is to put out a forest blaze—and more fun too.

GRIGGSVILLE.

Mrs. E. E. Evans left yesterday for her home in St. Louis after a two weeks' visit with her parents, Mr. and Mrs. T. Napier. She was accompanied as far as Jacksonville by her mother and Mrs. M. B. Stead.

Carol Tyger entertained a large crowd of young friends Thursday evening at the home of his mother, Mrs. M. Nevil.

Harold Dickerson visited relatives in Mercedosa Saturday and Sunday. Mrs. Frank Newman and children and Grace Anderson spent Friday and Saturday in Jacksonville.

Rev. Mr. and Mrs. A. Evert and children left yesterday for a visit with relatives in Pawnee.

Miss Ola Warton who is attending college in Jacksonville visited home folks from Saturday evening until Tuesday.

Misses Helen Bashforth and Anna Driscoll spent Saturday in Jacksonville.

Mrs. Herman Wilson and two children are visiting relatives in Chapin.

Mr. and Mrs. W. Johnson and two sons of Murrayville visited Mr. and Mrs. Edward Spiker Sunday.

William Ardwell and family and Mr. and Mrs. W. Dunnaway motored to Keokuk Sunday.

Mr. and Mrs. Edward Spiker and her mother, Mrs. Otis Miller left Sunday evening for Quincy, where Mrs. Spiker will enter a hospital for treatment.

Miss Elsie Wassel went to New Salem Sunday to attend a dinner given by Mr. and Mrs. Albert Pence.

W. J. Connors and Mr. and Mrs. T. Fox spent Sunday in Pittsfield.

There are several more cases of scarlet fever in town. The young son of Dr. and Mrs. B. W. Carey is ill with the fever. Other cases are Charley Elledge, Charles Bricken-dike, the children of Mr. and Mrs. Frank Miller are ill also. All are under strict quarantine.

Mr. and Mrs. Raymond Doane of Perry spent Sunday with her mother, Mrs. M. Rodway.

Walsh Agent M. T. Driscoll is taking a month's vacation. He will spend several days camping at the Mississippi river, hunting ducks.

ARCADIA.

Miss Alma Ogle entertained about sixty of her friends at her home, west of Arcadia Saturday evening, Nov. 6th, this being her eighteenth birthday. The first event of the evening was a song, "Brighten the Corner," followed with a prayer by Rev. Mr. Cain of Concord. Miss Ogle received quite a number of beautiful and useful presents. The evening was spent in music and contests of all kinds. Those winning prizes were Mrs. Charles Ogle, Miss Elsie Cully and Mr. Philip Standley. During the evening a delightful supper was served after which the birthday cake was cut. The lucky ones were Rev. Mr. Cain finding the thimble, Mrs. James Smith the ring, Mrs. W. J. Houston the key, Miss Muriel Standley the dime and Alfred Guthrie the needle. The guests departed at a late hour wishing Miss Ogle many more happy birthdays.

The Literberry Chios met at the home of Miss Cora Rudisill Friday afternoon. There were about thirty-five present.

Ralph Roach of St. Louis and Ed. Roach of Springfield visited over Sunday with Mr. and Mrs. F. B. Henderson.

A number of the young people from this vicinity attended church at Literberry Sunday night.

James Oster has returned home from Missouri, where he has been visiting his father.

Russell Ogle has returned home after a three months' stay in Texas.

E. L. Rexroat and family spent Sunday at the home of Mr. and Mrs. J. F. Wehl.

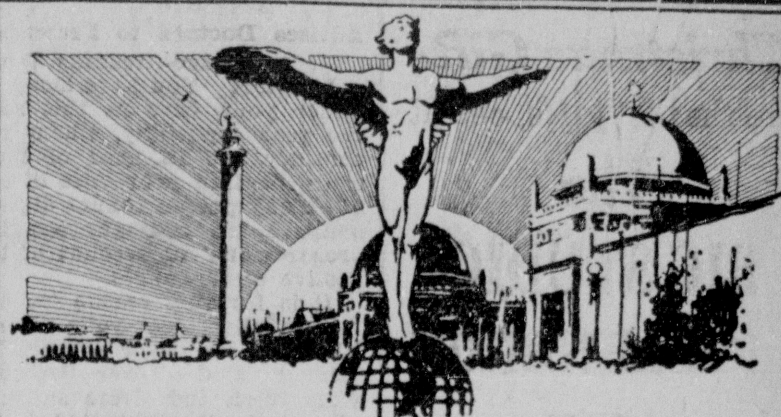

A GREAT ENTERTAINMENT.

Mrs. George Tremblott has returned from Kansas City where she went to see the moving picture pageant, "The Birth of a Nation." It is one of the most ambitious undertakings in that line yet attempted and has drawn immense audiences in the east where it has been exhibited. It depicts in a series of moving pictures on a gigantic scale the progress of the nation from the beginning and is a wonderful work requiring four hours for its projection.

The great objection to it and one which should cause its banishment from the public, in the opinion of many competent judges, is the very unfavorable light in which it holds the colored race to view. In the east it has been severely censured and in some parts of the land its exhibition is not permitted. It is unfortunate that such a high order of talent should be used for such a purpose. There are plenty of homes which have no objectionable features; Ben Hur, the Holy City and others, any one of which give ample scope for the artist's skill. This affair could have been produced without the features mentioned. The colored race has enough unavoidable obstacles to overcome without being held up to view in such a manner as this.

WHITES CHURCH A LETTER.

Mr. L. M. Sanford has written Westminster church for a letter to a Methodist church in Portland, Ore. The Presbyterian church which she attended was more than a mile distant which made it very difficult for her to enjoy the services and she was troubled to understand the preaching. The Methodist church which she has decided to attend is convenient to the home of her son, W. H. Sanford, with whom she is living, and she is able to understand and the minister who has a good voice and is in every way satisfactory to her. Her health is as good as could be expected and she is pleased with her western home in many respects and regards it as next to Jacksonville.

MEDICAL JOURNAL

Advises Doctors to Prescribe Vinol and Give Reasons Why.

"Doctor: You have many patients under your care at this season of the year especially, whom you may consider are in need of the nutritious, healing properties of cod liver oil, many people cannot digest or assimilate the ordinary cod liver oil preparations on account of their digestive disturbances.

It is for this reason we want to respectfully call your attention to Vinol—a cod liver preparation containing Cod Liver Peptone made from fresh cod livers and cod liver oil, (all oil eliminated), together with Iron Peptone, Beef Peptone, Iron and Ammonium Citrate, and pure Native Wine.

Vinol is non-secret and in our opinion, superior to old-fashioned cod liver oil and emulsions, because while it contains all the medicinal value they do, unlike them Vinol is deliciously palatable and agreeable to the weakest stomach.

We feel that medical practitioners who once prescribe Vinol will do so continuously, as under its treatment patients gain strength and put on flesh almost from the start."

From the Canadian Journal of Medicine and Surgery.

Vinol is for sale in Jacksonville by Lee P. Alcott, druggist.—Adv.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up. Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

10-CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't Stay Constipated, Headachy, Bilious, With Breath Bad or Stomach Sour.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.—Adv.

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.—Adv.

BRONCHITIS, BRONCHIAL ASTHMA AND SEVERE COUGHS PROMPTLY RELIEVED

With Best Home-Made Medicine—128 Teaspoonsful—50 Cents.

One of the most dangerous things to neglect is a Cold or Severe Cough. If treatment is commenced promptly with the proper remedy, both are easily cured, but if neglected they oftentimes develop into Pneumonia or Consumption, or some Chronic Bronchial affection. Most persons neglect treating themselves for the principal reason that they either don't think it serious enough to go to a doctor; thinking it will get well itself without treatment or don't know what good medicine to buy at a drug store, and if something more serious doesn't develop, it becomes deep seated thru this neglect and hangs on the whole winter, when it might have otherwise been speedily cured, had Schiffmann's New Concentrated Expecto-ran been used promptly.

No risk whatever is run in buying this remedy as M. E. Gilbert will refund your money if it does not give perfect satisfaction or is not found to be the very best remedy you have ever used for stubborn Coughs,

JACKSONVILLE NURSES ATTEND STATE MEETING IN BLOOMINGTON

Nurses From Europe Will Relate Experience on Battle Fields—Miss Adelaide Walsh Illinois Delegate to Red Cross Convention.

Bloomington, Ill., Nov. 8.—Miss Adelaide Walsh, of Chicago, has been chosen to represent the Illinois State Association of Graduate Nurses, now holding its 12th annual session here, at the National Red Cross meeting in Washington, D. C., Dec. 8th. The nurses tonight were tendered a reception by the directors of Brokaw hospital.

Peoria and Freeport are actively campaigning to secure the next convention.

One of the features of the meeting will be the presentation of opportunities for nurses on the battlefields of Europe. The program also includes discussion of problems in Illinois in relation to the training of nurses.

After the address of welcome by Mayor Jones at the morning session today, Miss M. Helena McMillan of Chicago, president of the state association, delivered her address. Calling attention to the work of organization which had been done by Illinois nurses, she said that Illinois had been keeping pace with the national standard of nursing progress.

Work of Illinois Nurses. "Illinois nurses are in all fields," said Miss McMillan, "in every branch of the work and this association has members in many parts of the world, doing their share of the work which the nursing profession offers in this time of turmoil and slaughter."

Touching local conditions, the president said: "In Illinois we need greater support by the nurses of the state of the board of nurse examiners so that these brave and self-sacrificing women may be encouraged and enabled to carry out the law and assist in the good but difficult work which they are doing."

Jacksonville Nurses Attend.

Miss Ella Walker, recording secretary for the 13th district, and Miss Lydia DePew left Jacksonville Monday morning for Bloomington to attend the meeting. Among Jacksonville nurses who expected to leave last evening or early this morning are Miss Ida B. Verner, superintendent of Passavant hospital; Mrs. Sophia Strandberg, treasurer of the 13th district; Miss Edith Straight, Miss Mary H. Groves, Miss Fannie Burdick, Miss Sadie Guild, Miss Margaret Ryman, Miss Lucy A. Mount, first vice president of the state association and head of the Red Cross committee for the 13th district; Miss Katherine Olmsted, Miss Sophie Kirchoff, Jacksonville, and Miss Nell Rimbey, Murrayville.

After the Red Cross breakfast at eight o'clock this morning, Mrs. Frederick Tice of Chicago will read a paper on "Experiences from the Battlefields Abroad," and several young women direct from Europe will tell of the great war from a nurse's standpoint. Mrs. Tice is chairman of the State Anti-Tuberculosis committee.

Beside the nurses from Jacksonville, companies of good size will attend from Springfield and Decatur, and the 13th district bids fair to be represented in good force. Sessions began Monday, the principal events of the three-day program will occur today and Wednesday. An automobile ride has been arranged for the delegates Wednesday morning, and after this sightseeing view of the city, a number of nurses will attend the "Private Duty" luncheon at 1:30 o'clock.

Officers will be elected Wednesday, the last day of the conference. Following are the outgoing officers of the state association: President, Miss Helen McMillan, Chicago; first vice president, Miss Lucy A. Mount, Jacksonville; second vice president, Miss Anna Jorgensen; treasurer, Miss Catherine Thompson; secretary, Mrs. W. E. Bache, all of Chicago.

FIRE ON BILLY SUNDAY LOT.

The fire department was called to the Billy Sunday lot on East Court street Saturday afternoon at three o'clock. Gus Sieber was burning some trash and the blaze caught in some weeds on the lot and for a time it looked like a bad fire might result. Chief Hunt sent the hook and ladder truck and the blaze was extinguished without any damage.

COMMITTEES ARE ANNOUNCED FOR PASSAVANT CAMPAIGN

M. F. Dunlap Will Be Executive Committee Chairman With F. E. Farrell as Vice Chairman—Headquarters in Ayers Bank Building.

With announcement of the first regular meeting of the campaign business committee this afternoon at 4:30 o'clock and the fitting up Monday of a general headquarters room on the second floor of the Ayers bank building, the financial campaign for Passavant hospital takes definite shape and promises within a few days only, to be well under way. The exact time of beginning and the place of daily workers' meetings will be among the topics considered at the regular committee meeting this afternoon at the headquarters room.

Chairman and vice chairman at this time will probably be appointed for the citizens' committee, the members of which are to do the canvassing; the woman's committee and the allied towns' committee. T. W. Davies, secretary of the campaign and W. A. Edwards, assistant, will have their office in room 203 of the Ayers Bank building, the four clerks with whom it is proposed to begin work, occupying the two rooms adjacent.

M. F. Dunlap will lead the campaign executive committee which eventually will consist of about one hundred members. F. E. Farrell will serve as vice-chairman.

Business committee—H. J. Rodgers, chairman; T. H. Buckthorpe, secretary; Dr. Carl E. Black, Rev. M. L. Pontius, Mrs. Kate Hollinger, C. A. Johnson, E. W. Brown.

Automobiles—Mrs. James H. Danskin, John Larson.

Cards and stationery—J. K. Long, Mrs. Charles E. Cole.

NEWEST BATTLESHIP READY FOR TRIALS

Rockland, Me., Nov. 8.—The battleship Nevada, next of the heavy first-line fighting ships to be added to the United States navy, will be given her official trials off this port next week. She must make at least 20-2 knots per hour for four hours continuously. The Nevada should have been completed some months ago but for trouble with the type of engine at first installed. The navy department gave its consent to a change in the type of machinery. The Nevada is of 27,000 tons displacement, or 500 tons larger than the Texas or New York. She is a sister ship of the Oklahoma. She carries fourteen-inch guns in three-gun turrets. While the Nevada is one of the world's largest and most powerful battleships, she will soon be surpassed in size by the seven battleships now under construction, some of which are nearly ready to be commissioned. The Arizona and the Pennsylvania are the nearest ready and they are of 21,400 tons displacement. The California, Idaho, Mississippi and two others which have been authorized but not yet named will be of 32,000 tons each.

NATIONAL HORSE SHOW ONLY ONE THIS YEAR

New York, Nov. 8.—The National Horse Show, which opens today in Madison Square Garden, will be the only great indoor horse show in the world this year. The variety of prizes, the high class entries, the enthusiasm of leading horsemen and women, and the wonderful scheme of decoration which makes the Garden a bower of beauty, all contrive to make the event a notable one in the horse world.

The interior decorations have transformed the Garden into a fairyland. Ivy-covered arches, fountains, miniature lakes, banks of growing plants and flowers are on every side. Under the direction of E. T. Stetebury, the Philadelphia millionaire, who is president of the association, three thousand dollars a day will be spent for floral decorations.

The show will have an international aspect this year. Canada has sent some of its best horses, and has loaned some of her best judges, judges of saddle horses.

Prizes and trophies, many in number and of great value, have been offered by the Vanderbilts and other patrons of the show. Lord Decies has given a trophy for a new military class in the judging. Another trophy for the army men is the Canadian Challenge cup, given by Sir Adam Beck.

The National Horse Show will continue all next week, and the judging will take place from day to day, by classes.

TO HOLD ANNUAL MEETING.

The annual meeting of the Woman's Civic League will be held Wednesday, Nov. 10th, at the public library at 2:30 o'clock sharp. Annual reports will be given and the election of officers held. Report of the convention of the equal suffrage association will be made and an opportunity to sign the constitution and thus become a member will be given to those present. All women interested are cordially invited to attend this meeting.

TEMPERANCE SENTIMENT.

Temperance sentiment surely prevails in this vicinity. It is reported that a person using a discarded Anheuser-Busch wagon with a big sign on it tried to establish himself in the milk business and was at a loss to understand why people were so shy of him till his attention was called to the character of the wagon he drove.

Fashion Notes For The Autumn

Buttons are to be largely used as dress trimmings, present indications predict.

Smocks are now made of jersey cloth and are delightfully soft and supple in spite of their fullness.

Plain felt hats, untrimmed, are worn for sports. They are made in bright yellow, green, blue and pink and also in white.

Contrasting linings in coats for day and evening wear are usual. Often figures are used for the linings, and some smart coats are lined with two colored checked silk.

Sleeves on some of the new evening frocks are no more than little ruffles, sometimes of tulle edged with beads and sometimes held out with a flexible wire at the lower edge.

Buttons seem an odd hat trimming, yet three big white pearl buttons are fastened on the twilled ribbon band that encircles the crown of a broad brimmed black velvet hat.

A hem of tulle is used on some evening frocks of tulle for young girls. The skirts are exceedingly short and full, and the tulle hem extends about two inches below the tulle.

Big Quaker collars are made in many materials. First of organdie or other plain sheer white fabric, they are now made of white or colored mull and even of lace or all over embroidery.

Beads are embroidered in a design that incrusts the ends of some of the new black silk and satin hand bags. They are mounted in silver and have strap handles of ribbon or stitched silk.

Prediction is made that for autumn wear voile and etamine in heavy, coarse weave are to be featured. These are both desirable fabrics, for they have an element of durability that makes them economical.

Silk jersey suits are worn for sports. There are a sweater jacket and skirt, usually a sash or scarf to match, and often a jaunty little cap, made with a point on each side, one ending in a tassel, the other fastened down with a silk covered button.

Lacings appear in some of the new frocks and blouses. Sleeves are sometimes laced from the elbow to the wrist, sometimes from the shoulder to the elbow. Lacings appear down the front of blouses and at the collar. The lacings are contrasting color usually.

Fur trimmed sweater coats, too, are gaining in fashion. Made in pink and blue and pale yellow and white silk, with hems and collars and cuffs of white fox, they are admirable for wear with afternoon and even evening frocks at the seashore and in the mountains.

Have a Hobby. The woman who is not interested in things in general or something in particular is an uninteresting companion. No matter how beautiful she may be, her charm will be minimized or of short duration.

The victim of ennui or indifference victimizes everybody about her. Her friends may look upon her and admire her beauty, but she is decidedly uninteresting, and even a little bit of her society is generally an overdose. To be blasé is not to be interesting. If you are weary of everything in life you need the attention of a physician; there is something wrong with you, mentally and physically.

Something new and interesting in this world is cropping out every minute. The most interesting people are those who see things and get all possible pleasure out of them. An exhibition of indifference to things about you is not an evidence of intelligence. Intelligent people are the ones whose eyes are open. That is the way they become intelligent. Such people are the most interesting. Sometimes they are so interesting that even if they happen to lack beauty that fact is forgotten in admiration for their intellect.

Some one has said that everybody should ride a hobby.

Proper Care of the Eyes.

No one can afford to take chances with the eyes nor to give less than the best care to them. Their toilet should be separate from that of the face, for neither flesh brush nor harsh cloth should come in contact with them, much less should skin tonics, washes or creams be allowed to enter them. They should be kept clean with clear water and once a week bathed, by means of an eye-cup, with tepid water with a little boric acid in it—a teaspoonful to a large glass.

If the eyes are weak and bleary bathe in a solution of four ounces of soft water and one ounce of witch hazel. If they feel as if they have sticks in them then again the boric acid wash is needed every night with regularity until the trouble is obviated. Black specks floating before the eyes, contrary to general supposition, are harmless. They are in reality present all the time, only becoming more noticeable when the eyes are tired or under any condition which alters the density of the vitreous humor in which they float.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, Nov. 10, 1915. one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands moist? Have you a dull, dragging pain or ache in the body, back or limbs? Have you rheumatism? Have you flatulency? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

Invite me to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge. REMEMBER DATE OF VISIT. Come early as parlors are always crowded. A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., 766 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreams, restless, haggard looking, weak back, deposit in urine, drains stool, distrustful, want of confidence, lack of energy and strength

Cleanse The Blood Banish Rheumatism

Rheumatism Due to Bad Blood. S. S. S. Your Remedy

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was sapped beyond repair. "It was proven to them that the cause of their trouble was the blood; that Uric Acid, the most fatal ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poison and impurities to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S., nature's blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for special advice to S. S. S. Co., Atlanta, Ga., but begin taking S. S. S. at once.

WORLD'S MARKET NEWS

INCREASE IN VISIBLE SUPPLY TOTAL LOWERS WHEAT PRICE

Market Shows a Net Decline of 7-8 to 1 1/2 Cents—Corn and Oats Drop.
Chicago, Nov. 8.—Nearly 7,000,000 bushels increase in the United States visible supply total acted as a big weight today on the price of wheat, largely, as a result, the market, which was unsettled at the close, showed a net decline of 7/8 to 1 1/2, with December at \$1.03 1/8 to 1.08 1/4 and May at \$1.04 1/4.

MANY CROPS EXCEED THEIR BEST RECORDS

HIGH PRICES DUE TO WAR SWELL VALUE.

Principal Farm Crops are Worth About Five and a Half Billion Dollars, Exceeding by More than Half a Billion Their Value in 1914.

Washington, Nov. 8.—The nation's principal farm crops this year are worth about five and a half billion dollars, exceeding by more than half a billion their value in 1914, the previous banner year in the country's crop history. There has been an unprecedented harvest, many of the crops exceeding their best records and high prices due to the influence of the European war having contributed to swell the total value.

Statistics announced today by the department of agriculture in its November crop report base values on prevailing November prices. Corn, with a production of 3,090,509,000 bushels—34,000,000 bushels below the record crop is worth \$1,913,025,071, the most valuable crop ever grown. It exceeds the former biggest value crop, that of 1914, by \$190,000,000. Wheat with the largest production ever known in any country, 1,622,029,000 bushels, or about one fourth of the world's wheat crop this year, is worth \$932,888,999, or \$54,000,000 more than the record crop of 1914.

The oats crop also was a record one both in point of production and value. The harvest was 1,517,478,000 bushels—almost 100,000,000 bushels better than the record of 1912—and its value \$532,599,221, or \$33,000,000 more than the record value of the 1914 crop.

Barley, rye, sweet potatoes, hay and rice were record crops in points of production and tobacco almost equalled its best production. The rye and hay crop were records in point of value.

The approximate value of the barley crop is \$118,577,682; the rye crop \$37,861,403; buckwheat \$12,854,750; potatoes \$218,425,824; sweet potatoes \$42,456,050; hay \$877,054,890; cotton \$609,000,000; tobacco \$105,002,500; flax seed \$20,050,534; rice \$22,313,350; apples \$164,380,480; peaches \$60,612,736; and pears \$9,275,634.

In this year's harvest the corn crop passed the three billion bushel mark for the second time and the wheat crop crossed the one billion bushel mark for the first time.

Potato prospects declined nine million bushels during October, the crop now being placed at 359,252,000 bushels. That is 46,000,000 bushels less than last year's crop and the prospective moderate supply for winter use is reflected in the sharp advance in farm price from 48.7 cents a bushel on October 1 to 60.1 on November 1st. The November price is 8 cents higher than a year ago. The crop is short in the northern states which grow the surplus of the late crop. The quality too, is below average.

Statistics showing the size of the various crops, preliminary estimates in most instances, with figures giving last year's crops and the average of the five years from 1909 to 1913 for comparative purposes, were announced today as follows: (In thousands of bushels, i. e., 000's omitted.)

Crops	1915 estimate	1914 crop
Corn	3,090,509	2,672,804
Wheat	1,622,029	891,017
Oats	1,517,478	1,141,060
Barley	236,682	194,352
Rye	44,179	42,779
Buckwheat	16,350	15,881
Potatoes	359,253	405,291
Sweet potatoes	66,650	56,574
Hay, tame, tons	80,983	70,971
Hay, wild, tons	20,293	18,615
Peaches	64,218	54,109
Pears	11,216	12,083
Apples	26,670	84,400

Final estimates of the year's crops and their value, as estimated by prices paid to farmers on December 1, will be announced by the Department of Agriculture on Wednesday, December 15.

Others details of the crops are: Corn: Stock of old corn on farms November 1 estimated at 95,009,000 bushels, composed with 30,046,000 bushels a year ago and 194,497,000 bushels, the average of the preceding five years.

Weight per measured bushel: Wheat: 57.9 pounds, against 58.0 last year, and 58.2, the ten year average. Oats: 33.0 pounds, against 31.5 last year and 31.7, the ten-year average.

Barley: 47.4 pounds, against 46.2 last year and 46.5, the five-year average.

Acre yield: Crop 1915 10-yr. av. Corn 28.3 26.6 Wheat 16.9 14.8 Oats 37.8 29.6 Barley 32.0 25.1 Rye 17.0 16.4 Buckwheat 20.4 19.9 Potatoes 96.3 96.5 Sweet Potatoes 101.0 92.1 Hay, tame (tons) 1.59 1.40 Hay, wild (tons) 1.20

ELECTRIC LIGHT BULBS.

Why the Delicate Filament Becomes Heated to Incandescence.

In the bulb of the ordinary electric lamp used chiefly for house light there is a thin filament of metal wound on what is called an arbor.

This filament is so prepared that it offers high resistance to the passage of the current of electricity, and because of this it is heated to incandescence when a current passes through it. All the air having been extracted from the bulb in its making, this prevents the metal from burning up, as it would do if oxygen were present.

Vegetable fiber was used for the filament of the first incandescent lamp. The next development was the cellulose process, which is still used in carbon and metalized lamps, although a number of processes are used now to improve the filament. The discovery that tungsten metal could be used for this filament in incandescent lamps was made as recently as 1906, and the first tungsten lamp was made in this country in 1907.

At first the tungsten filaments were composed of what was called tungsten paste that made an extremely fragile wire. The new process now used produces a strong wire under pressure, finer than the finest human hair. They run up to 5,000 candle power.—Boston Herald.

A SKELETON IN THE CLOSET

The Legend From Which the Well Known Saying Was Taken.

The origin of that singular and widely quoted saying, "A skeleton in the closet," which is found in almost every language in Europe, is found in one of those curious collections of stories that have come down from the middle ages. In one of these collections, compiled by an unknown hand about the middle of the tenth century, there is a story of a wealthy lady who, having a secret grief, confided it to a friend who was apparently a perfectly happy woman. She was the wife of a nobleman who lived in his castle in the south of France. She and her husband were outwardly on the most loving terms. Not a care cloud seemed to cast a shadow on her path.

After hearing the story of her afflicted friend the noble lady took her by the hand and led her to a secret chamber adjoining her bedroom, there opened the door of a closet and exposed a skeleton. "Know, my friend," she said, "no one is happy. Every day I am forced by my husband to kiss this grinning death head, which is that of a gentleman who was my husband's rival and whom I would have married had not my parents willed otherwise."

On the Moon.

The question "Could a man live on the moon?" has been put to an eminent astronomer, who replied: "I am afraid not. A man transplanted to the moon would find himself the lone inhabitant of a perfectly lifeless orb in which eternal silence reigns. He would have to manage without air, water or fire. He would not need to put windows in his house, for there is no wind, no rain, no dust, upon the moon. It has been truly and practically observed that the moon is apparently abandoned to death, nourishing no inhabitants, producing nothing resembling trees, flowers or beautiful things of any kind—useless, in short, except as a mass of extinct volcanic rubbish, which drags the sea into tides and reflects the sunbeams in moonlight."

Baked Men.

Workers in porcelain factories are literally baked, but by some miracle they remain sufficiently undone to live. At least if they are not quite baked they endure a stronger heat than that which browns the Sunday sirloin. The furnaces wherein porcelain is finished are kept at the fiercest heat used in any industry. A chain of workmen, their heads and bodies swathed in fire-proof garments, take the finished pieces from the fire one at a time and pass them to the cooling room. The man at the head of this chain—he who stands nearest the furnace—can only work in five minute shifts. In his interludes of rest he lies on a mattress, drinking glass after glass of ice water from the hands of a small boy.

Dean Swift's Complaint.

It is no new thing, this complaint which one hears of the high cost of living. Writing to Stella from London in the year 1710, Dean Swift remarks: "I lodge in Bury street, St. James, where I removed a week ago. I have the first floor, the dining room and bedchamber at 8 shillings a week; plaguy deep, but I spend nothing for eating, never go to a tavern and very seldom in a coach, yet, after all, it will be expensive."

Making Him Pay.

CELEBRATED 20TH. ANNIVERSARY OF ELIMINATION OF BOOZE

Residents of Manchester Monday celebrated the twentieth anniversary of the elimination of booze from the community, the first to establish absolute prohibition in this state.

The night upon which the sturdy residents of this village banished alcohol forever from their midst has ever been a red-letter date in the history of the hamlet. For then, in one concerted rush, these farmers made for the tavern and burned it to the ground. Liquor has never been mentioned thereabouts since that day.

But still another old roadhouse, which was the post-house on the old Jacksonville-St. Louis stage road, remains intact and is the private residence of Mrs. Belle Gidney.

But with "booze" abolished the attention of the community has been centered on agricultural pursuits. Naturally things have prospered and the Manchester community is numbered among the most aggressive and successful farming and stock-raising sections of the state.

AMERICAN FEDERATION OF LABOR OPENS CONVENTION 'N' R. CO

Protest Against Seating Delegates From Religious Bodies Is One of the First Issues to Come Before Gathering.

San Francisco, Nov. 8.—The 35th annual convention of the American Federation of Labor opened here today, with President Samuel Gompers in the chair. All sections of the country are represented, and all the organized trades have sent their duly elected representatives. Canada is also represented, and the English unions have sent two delegates.

Labor legislation that will be presented to the new Congress next month will be discussed by leaders of the Federation. The main issues to be fought for are industrial education, vocational training and the conservation of human life.

The labor troubles brought on or attempted by the propaganda of foreign agents in the United States will be threshed out, it is expected by many delegates, and it is hoped that President Gompers will expose the inside story of those plots. The attempt to inveigle American labor leaders into the various movements to interfere with the manufacture and shipment of ammunition and arms has thoroughly probed, and the delegates are hopping for full exposure.

One of the first issues to come before the convention is the protest against the seating of delegates from religious bodies. This protest was begun by the Milwaukee Building Trades Council, not in opposition to religion, but on the ground that "denominational churches have not lived up to trade union principles and have not and cannot cope with the causes that have and are at work for impoverishing the working people."

It is pointed out in the protest against the religious delegates that the fundamental principle of the Federation is to organize and unite the workers irrespective of their creed, color, nationality or politics, and points out that the introduction of religious questions must lead to disruption.

The Milwaukee Building Trades Council declares that the Sacred Heart Sanitarium, and the Knights of Columbus Clubhouse are being erected in that city under non-union conditions, and that the labor men could not induce the religious bodies to have the building erected by union labor. The supposed cooperation between churches and unionism, to bring about a more just civilization, is "nothing but hypocrisy," say the Milwaukee Council.

JITNEYS TO BATTLE UTILITIES PETITION IN SPRINGFIELD

Jitney bus owners of Springfield will combat the petition filed with the state utilities commission by the Springfield Consolidated Railway company to have the jitneys declared common carriers.

This decision was reached at a meeting of the jitney bus owners held yesterday morning. While the case is pending before the state utilities commission, it is probable that the city ordinance providing that car owners must file a bond will be suspended. The ordinance became effective some time ago, but no operator has filed a bond with the city clerk.

The Springfield Consolidated Railway company filed a petition with the state utilities commission, asking that jitneys operating in this city be declared common carriers, and ten days was given in which to file a reply. Judge Thompson, in a recent ruling, held that jitneys are common carriers, and are subject to the directions of the state board.

Wilbur Houck and C. S. Davis went by train to Little Indian Sunday where they were met by Harry Stevenson who took them home with him to enjoy the day at his house.

SPEED LAW ORDERS BRING GOOD RESULTS

Report at Council Is That Auto Drivers Are Going More Slowly
—C. & A. Must Put in Crossing at Mathers Street.

The city council will take immediate steps to bring condemnation proceedings against the Chicago & Alton if the request of the city for a crossing at Mathers street is not given immediate attention. This decision was reached at a session of the council Monday morning on the suggestion of Mayor Rodgers. It seems that the matter has been brought to the attention of the road a number of times and that there has been an agreement that the crossing would be put in. The delays have been so many that it was determined that some definite action was necessary to bring the road to time. Notice of the action of the council will be sent to D. C. Pitt, local agent of the company.

Another matter with reference to railroads which received attention at the council session was the blocking of the North Main street and other crossings by the Wabash railroad. Men will be stationed in the vicinity of the crossings to take evidence as to the time and prosecutions will follow unless there is an immediate change in the manner in which freight trains are handled. Mayor Rodgers said that a case was reported to him Saturday night when a Wabash train held a crossing for twenty-five minutes, and it frequently happens that the street cars are delayed for almost that length of time. The ordinance providing for disconnecting twenty acres of land belonging to the Ralph Reynolds estate was read by City Clerk Pyatt and was laid over until the next session.

Department Reports.
Mr. Cox reported that he is having considerable work done on the unpaved streets in order to put them into good condition for the winter season. He also said that there are still a great many complaints because of the oil of the pavement around the square and that a great deal of trouble was being caused by the condition. Mr. Martin reported that the motorcycle policeman is doing good work and that an improvement in observation of the speed laws by automobile drivers is already noticeable.

When the complaints of holding the crossings were mentioned, Mr. Martin said that he had several times gone to the Wabash road when cases were reported to him and that he would follow the suggestion of keeping any evidence which may be necessary.

Mr. Vasconcellos said that the repair work on the Russell engine is progressing satisfactorily and that the machinery will soon be in much better condition than has been true for a long period. He mentioned too, that there has been some trouble at the north side plant in burning out motor coils and it was his opinion that this was occasioned from the fact that the continuous service overloads the pumping equipment. He reported also having discovered a leak in a water service pipe near Johnson street which had resulted in the filling of a pond or reservoir on the old Whitmer brick property. Mr. Vasconcellos said that this leak must have existed for a long period.

Mr. Widmayer referred to the custom of caring for tramps at the police headquarters during winter nights and thought it easy to overdo this charity. He said if all travelers were made welcome, given bed and breakfast, that they had a tendency to visit this city because of that fact.

He thought that where there were many worthy cases that they should be taken care of, but that an effort should be made to separate the men who were walking from city to city looking for work from those who were simply tourists and following their regular avocation.

Boundaries for Cars.
Mayor Rodgers suggested that it would be well at the corner of State street and possibly others which connect with the square to mark off a distance of a car length to indicate the boundary lines where automobiles or other vehicles may stop.

As it is now, at the corner of State street and the square if an automobile is left standing just at the boundary of the crossing, it is very difficult for another car to round the island light and turn into the street without a collision. If a street car is also at the corner, a great deal of unnecessary congestion of traffic follows.

The mayor also called attention to another matter, saying that some complaints had been made against some city employees for non-payment of bills. He said under present conditions that employees are receiving their pay monthly and he believed they should be required to take care of their bills. It was the vote of the council that notice to this effect, signed by the mayor and all commissioners, shall be sent to all employees.

Officers Reports.
The report of Dr. A. M. King, health warden, showed total deaths thirty-six during the month of October. These deaths were at the following ages: Under 1, one; 1 to 3, four; 3 to 5, seven; 5 to 7, fourteen; over 70, ten. The record of contagious diseases was as follows: Typhoid fever, five; scarlet fever, one; tuberculosis, two; whooping cough, one.

The report of J. M. Coons, justice of the peace, showed fines collected \$49.90; city costs, \$33.10; J. P. costs, \$32.40.

George P. Davis, chief of police, reported arrests, 33; city cases, 28; state cases, 5; fines collected, \$135.40. The arrests were as follows: Drunkenness, 12; concealed weapons, 2; disturbing the peace, 5; suspicion, 1; bootlegging, 1; disorderly conduct, 6; forgery, 1; violating the local option law, 2; interfering with officer, 2; vagrancy, 1; violating the speed laws, 2.

SOCIAL EVENTS

Entertained for Friends at Dinner.
Mr. and Mrs. T. D. Sheppard entertained a number of friends at dinner at their home south of the city Sunday. The dinner was in honor of Mrs. Lynn and in every way the occasion was enjoyable. Among the guests were Mrs. Frank Lynn of Minneapolis, Minn.; Mr. and Mrs. Dan Baldwin of Garva; Mr. and Mrs. Jess Davenport and family of Waverly; Mr. and Mrs. C. K. Sheppard and family of Woodson; Mr. and Mrs. C. M. Lewis and family of Arnold.

Mr. and Mrs. E. M. Davies entertained a company of friends at dinner Sunday at their homes east of the city, and the day was one of very great pleasure. The guests were Mr. and Mrs. T. H. Cline and sons, Ray and Adley and daughter Atha, of Cass county; Mr. and Mrs. Daniel Cook and sons, Ralph and Raymond, and daughters, Martha and Mabel; James Baker and daughters, Alice and Nettie; Mr. and Mrs. Charles Dodds; Mr. and Mrs. L. Davies and sons Clifford and Roscoe. Mr. and Mrs. Davies are to leave in a few days for an extended stay in the south and the company was therefore a sort of farewell.

Delightful Reunion Of Family and Friends.

At the home of Mrs. Louis Fredlander, northwest of the city there was a delightful reunion Sunday of family and friends. The guests were C. Z. Roach of Concord, his daughter, Mrs. Fred Hendryson and husband of Arcadia; his son Ralph, a railroad official of St. Louis and another son Edward, now of Springfield. All gathered at the hospitable home of their relative, Mrs. Fredlander and enjoyed a delightful day. A bountiful dinner and a pleasant time generally were the characteristics of the day.

Gave Birthday Surprise Party.

Mrs. J. R. Burmeister was given a pleasant surprise party Sunday at her home seven miles northwest of the city. The occasion was her birthday anniversary and was a most pleasant event in every way. The party met at the home of Mrs. Dixon and proceeded to the Burmeister home, taking with them well filled baskets of good things to eat. At noon an elegant dinner was served. The afternoon was spent with music, and pictures were taken of the guests by Miss Rose Henderson. Mrs. Burmeister received some very useful presents and when the guests departed it was with the wish that Mrs. Burmeister would see many more birthdays.

Those present were: Mr. and Mrs. Charles Freitag and family, Mr. and Mrs. G. H. Burmeister and daughter, Helen Irene; Mr. and Mrs. W. R. Wilding and family, Mrs. William Burmeister and family, Mr. and Mrs. R. G. Dixon and family, Mr. Tankersley, Miss Jennie Dixon, Miss Louise Wilding, Miss Rose Henderson and Miss Bernice Wilding.

High School Juniors Had Party.

Juniors of the Jacksonville High school, about eighty of them enjoyed a party last night. It was "doubled barreled" event if one might be permitted to use such a term about a social function, for the homes of Mayor Rodgers and Mr. and Mrs. W. F. Widmayer were both open for the guests and the parlors of the two homes presented very joyous scenes. The decorations were in purple and gold, the class colors and were Japanese in character. Four young ladies dressed in Japanese costumes aided very materially in carrying out this effect. The refreshments which had been prepared in accordance with very generous ideas were served in cafeteria style. The program of amusements, included music and games and the attractions were varied enough to meet the wishes of all. In the peanut hunt the prizes were captured by Miss Bea Ellis and Dale Boxell. All together it was an event all of the Juniors will long remember with great pleasure.

Phi Nu Society Gave Breakfast at Colonial Inn.

Fifty were present at the breakfast given by Phi Nu Society at the Colonial Inn Monday morning at 11:30 o'clock. Dr. and Mrs. J. R. Harker, Miss Mothershead and Miss Miner were guests of honor and the occasion was notable in many ways. The program included a vocal solo by Miss Ann Reavis; a reading from "Peg O' My Heart" by Miss Corinne Hughes and a violin solo by Alfred Hughes of Waverly. All the appointments for the breakfast were such that the members of the society and their guests were one in expressing their pleasure.

Miss Thompson Entertained.

Miss Della Thompson entertained a few friends Sunday afternoon at her home in Spaulding Place. The hours were from 2 to 5 o'clock and they proved very delightful ones for the guests. Games and music were included in the program of amusements and the refreshments served were excellent. The list of guests included Mrs. L. Pieper, Misses Mame Hayden, Anna Hennessey, Mamie Crowe and Miss Josephine Lonergan of Murrayville.

Yes, TOMLINSON received more of those heavy rope knit \$7.50 sweaters with "Raglan" sleeve.

HOME BURGLARIZED.

Last Sunday between the hours of five and six, R. J. Ommen and wife of Arcville went out for a walk and as they supposed, securely locked the doors and windows of their residence but on their return they found thieves had somehow entered the house, stolen \$15.00 from Mr. Ommen's pocketbook, some small change from Mrs. Ommen's purse and a lot of jewelry.

The manner of entrance was a mystery as the locks and bolts to the residence seemed wholly undisturbed. There is no clue to the burglars.

FRANKLIN VISITORS.

"THE TAMING OF THE SHREW" ABLY PRESENTED AT I. W. C.

Miss Mabel Louise Gleckler, Director of the School of Expression, Heard in Rendition of Shakespearean Comedy.

Artistic handling and keen yet sympathetic perception characterized the presentation of Shakespeare's "The Taming of the Shrew," by Miss Mabel Louise Gleckler, director of the School of Expression, Monday night at Illinois Woman's college. The large audience which greeted Miss Gleckler were sincerely enthusiastic and at the close of each act extended the reader warm applause.

Especially noteworthy is the tact and fine instinct which Miss Gleckler has shown in cutting the play. With such nice "discrimination" and sense of artistic balance has this been done in fact, that the Ben Greet players, masters of Shakespearean repertoire, have accepted her cutting of "The Taming of the Shrew," and have made use of it in their own presentation of the comedy.

Nothing was more remarkable in Miss Gleckler's presentation than the skillful manner in which the reader showed forth the several characters, passing from the wrathful stormings of the masterly Petruchio to the sobbing plaints of the conquered Katherine, with consummate ease and perfect grace.

That Miss Gleckler has comprehended the true meaning of the author in her interpretation of Katherine is evident on hearing her rendition of the play. Misunderstanding has been the constant lot of the heroine and it is only after meeting Petruchio that her character manifests itself and her true nature becomes uppermost.

Following are the characters represented:
Baptist, a rich gentleman of Padua.
Petruchio, a gentleman of Verona, suitor to Katherine.
Lucentio, and Hortensio—Suitors to Bianca.
Biondello, Servant to Lucentio.
Grumio, Servant to Petruchio.
Bianca, and Katharine—Daughter to Baptista.
Tailor, Haberdasher and Servants.

This is the time of the year to have one of those all-wool sweaters from TOMLINSON'S at \$5.00.

MONMOUTH WILL ACCEPT CHALLENGE OF ILLINOIS COLLEGE ELEVEN

Bloomington, Nov. 8.—Monmouth College has practically accepted the challenge of the Illinois College eleven for a game to be played on Thanksgiving Day and the only possible hitch in the proceedings will be the place the game shall be played.

Local football authorities suggest that the contest be played here on the Saturday after Thanksgiving but it seems more likely that the game will be staged in Jacksonville.

Lombard secured permission from the "Little Sixteen" college association to play Monmouth next Friday and the battle promises to be a royal one.

MAC DOWELL LECTURE

BOY BURNED BY POWDER EXPLOSION AT BLUFFS

Iver Mueller Brought to Our Savior's Hospital Suffering From Injuries—Accident at Round House a Mystery.

Iver Mueller of Bluffs, a lad of fifteen years, is a patient at Our Savior's hospital suffering injuries from a powder explosion. Mueller was badly burned about the head and hands. The accident occurred about 7 o'clock Saturday evening near the Wabash roundhouse in Bluffs.

Young Mueller was going home Saturday afternoon about 4:30 o'clock and found two sacks hidden under a plank. He did not disturb them but went home and told his father. The boy's father consulted the agent of the Wabash, Mr. Finney, who referred him to Mr. Logan, the night foreman of the round house.

Young Mueller went to the roundhouse after supper as suggested by Mr. Logan and located the sacks for him and another employe, Marshall Parker. The contents of the sacks were emptied on the ground. Young Mueller picked some of the powder in his hands and placed it a few feet away from the main pile. In moving it some of it fell on the ground and made a train to the large pile. He then took a torch and touched off the powder. Parker endeavored to keep the powder from exploding and kicked away a part of it. He was unable however, to prevent the explosion and was thrown thirty feet away but fortunately was uninjured except for a burn on the hand. Young Mueller was directly in the explosion and was burned badly on the face and hands. He was given attention by Dr. Evans and then brought to Our Savior's hospital.

Various theories have been advanced for the presence of the powder. Some ascribe it to a plot to wreck the Wabash roundhouse. Others are of the opinion that it belonged to a gang of robbers who recently robbed several freight cars in Bluffs.
